PLANT MY FLOWERS,

Why Not You?

THEY GROW AND BLOOM.

MISS ELLA V. BAINES, The Woman Florist,

SPRINGFIELD, OHIO.

My Guarantee

That all plants I ship shall reach their destination in growing condition at any season of the year. Send your remittance by Postoffice Order, Registered Letter, New York Draft or Express Money Order. When you send stamps let them be one cent stamps, if possible, but please do not send stamps except for fractions of a dollar. I pay the postage on all orders that go by mail.

I PAY THE EXPRESS CHARGES ON ALL ORDERS OF $3.00 OR OVER.

READ THIS OFFER.

Patrons often complain of the heavy express charges. Now I propose to pay all express when the order amounts to $3.00 or more, except orders from Arizona, Colorado, California, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming. Such orders must be sent by mail at my expense. Of course it will cost me lots of money, but it will be to the advantage of my patrons. You will have your plants laid down FREE at your doors, the same as though the greenhouse was in your town or village. You will also observe my prices are low. No better stock offered in the country. Please call the attention of your neighbors and friends to our liberal offers, and get them to send their orders to me. My plants, etc., are sure to please.

HAMMOND'S SLUG SHOT

Destroys Insects of All Kinds.

TEADE MARK.

A powder destructive to insects that are injurious to house and garden plants, shrubs, trees, vines, potatoes, melons, cabbage, currants, etc. Used in all latitudes since 1880, with safety to man, beast and fowl. No Two Alike in the Above Sets. Any Three Sets for $1.25. Any Five Sets for $2.00.

Four Most Elegant Calla Lilies.

CALLA ETHIOPICA. Egyptian Lily.

This is the well-known Egyptian Lily, or Lily of the Nile, with large, white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas send to me, as I am headquarters for them. I have three sizes. **Price, small plants to bloom next Winter, 10 cents each; strong blooming bulbs, 25 cents each; extra strong bulbs that will produce a dozen blooms, 50 cents each.**

CALLA RICHARDIA. Spotted Calla.

A plant with beautiful spotted leaves. It flowers abundantly during the Summer months, when planted out in the open border. The flowers are shaped like those of a Calla, and are pure white, shaded with violet inside. Keep dry in Winter, and start in the Spring like a Dahlia. The plant belongs to the same order as Calla Ethiopica. **Price, blooming bulbs, 10 cents each; large bulbs, to produce an abundance of bloom, 25 cents each.**

THE BLACK CALLA.

The introducer says: "Its flowers are enormous, fully a foot in length. Color a clear, coal black, so intense that it really shows a brilliancy, and as may well be imagined, it is a flower of the most striking oddity and beauty. The bulbs are large, and should be potted in the Fall, and when growth commences set in a window. After blooming the foliage will die down, and the bulb should be kept dry for planting again in the Fall. It is a native of the Holy Land. Treat same as for White Calla Lily." This is a very beautiful Lily. I have flowered it extensively. It is coal black, and is a great curiosity. It is very scarce. **Price of large flowering bulbs, 30 cents each.**

The Most Wonderful of All Plants of the Beautiful Lily Family, the

NEW DWARF EVER-BLOOMING CALLA LILY.

It is my good fortune to have come into possession of this most valuable of all Callas. The following facts will convince any one of its great superiority over the old sorts: It is of dwarf habit, and does not grow tall and scraggy like the old variety, but is compact, with a great abundance of lustrous, dark-green foliage. It is a true ever-bloomer, its flowers appearing in great abundance both Summer and Winter when grown in pots, or it will bloom profusely all Summer long in the open ground, and being potted in September will continue blooming without intermission all Winter. The same plant will grow and bloom for years without once ceasing, and the quantity of bloom which a good plant will produce is astonishing. It is estimated that six plants of the old sort will not produce so many flowers in the course of a year as will one plant of this new dwarf variety. A large plant is hardly ever without one or more flowers, and its dwarf, compact habit makes a much more desirable pot plant than the old variety. Its flowers are large and snow-white in color. All in all it is one of the most desirable plants I ever offered. **Price, bulbs of blooming size, 25 cents each; extra large size, 50 cents each.**

SPECIAL OFFER.--The four varieties of Calla Lilies, all of best blooming size, for only 55 cents.

BEAUTIFUL MARGUERITE DAISIES.

MARGUERITE DAISY, MADAME GAILBERT.

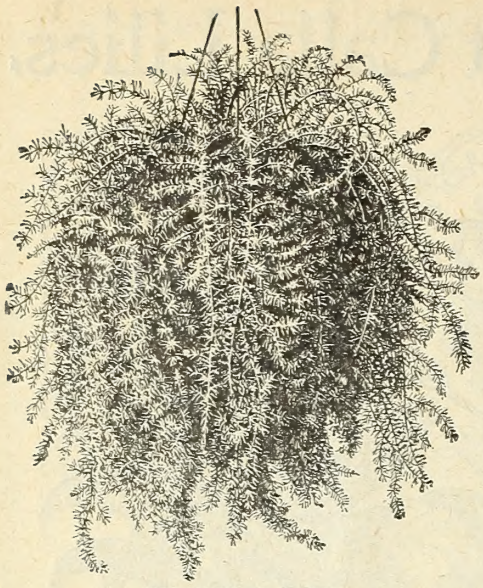
This is one of the finest new plants that has ever been introduced. Nothing can be imagined that is finer. All know the old varieties of Paris Daisies, how beautiful and much sought after for decoration of all kinds. This new variety blooms constantly, and will produce ten blooms to the old variety's one. Nothing is so airy and graceful as these blossoms of large, white petals showing a yellow disc. **Price, 10 cents each.**

MARGUERITE DAISY, ETOILE DE OR.

The new yellow Paris Daisy, similar to the above, but a rich, golden color. The two varieties go handsomely together. **Price, 10 cents each.**

These two beautiful varieties of Paris Daisies for only 15 cents. Order them, if you want something nice.

MARGUERITE DAISY, MADAME GAILBERT.



ASPARAGUS SPRENGERI.

NEW

Asparagus Sprengeri.

WHEN introduced, at a high price, a little over a year ago, this plant was received with some hesitation as to its desirability, but after only a limited trial it has come forward with such prominence that the supply will be inadequate to the demand for some time to come. Not only is it useful for cutting in sprays for cut-flower work, but grown in suspended pots it makes one of the prettiest decorative house plants we know of. It is really handsomest seen drooping gracefully from a pot or basket. Sprays from four to five feet long, of a bright green feathery foliage, and as it will withstand dry atmosphere and grow well in shade or sunlight it is decidedly the most useful and suitable parlor plant. The flowers are white and very fragrant, followed by bright red berries. Mr. H H. Battles, the well-known floral artist, says: "Grow all you possibly can of it; it's a grand thing." It is not only a plant that will be used extensively by florists for cut-flower work, but it is decidedly a useful and decorative parlor, table and window plant. It is hardier than any other Asparagus, can even be grown in open ground, and under good treatment will make specimens four to five feet across in one year—plants which have sold at $5. We have so much faith in it that we are growing 10,000 plants of it now.

Price, strong plants, 15 cents each; two for 25 cents.

BOSTON FERN.

(Nephrolepis Exaltata Bostoniensis.)

THIS grand new Fern has become the most popular decorative plant of the year. In and around Boston no other plant is so extensively used for table or window decoration as this graceful Fern. It is one of the very few plants that will thrive under ordinary house care; it grows and improves in size where most all other Ferns go back. The fronds droop and arch gracefully over the edge of a pot or basket, and as it is a very rapid grower it is not long before they reach the floor from an ordinary parlor table. The color is a rich green, which contrasts beautifully with all other window or pot plants. It thrives well in a shady position, but must never be allowed to get too dry, and frequent showerings of the foliage by means of a plant syringe or a watering can are essential. To give an idea of the magnificent proportions of this Fern it may be stated that a single specimen plant, exhibited at the recent American Institute Fair in Madison Square Garden, New York, measured ten feet in diameter, some of the fronds being over four feet in length.

Price, large plants with fronds 1 1-2 feet long, 15 cents each; two for 25 cents.

ONE PLANT EACH OF ASPARAGUS AND BOSTON FERN, 25 CENTS.

BOSTON FERN.

Stephanotis Floribunda.

STEPHANOTIS FLORIBUNDA.

This is a rare plant indeed, that all should grow. It bears large clusters of pure white flowers that are as fragrant as a Jasmine. Nothing sweeter or finer. **Price, 15 cents each; large, fine plants, three feet high, for 40 cents.**

New Asparagus Plumosus Nanus.

This graceful climbing plant has to a great extent taken the place of the once popular Smilax in all fine decorations. It possesses the advantage of being much more graceful—its foliage being finer than that of the most delicate Fern, and will last for weeks after being cut, the whole plant being of a bright, cheerful green. It is an excellent house plant, succeeding under almost any conditions. **Price, 15 cents each.**

THE HARDIEST OF CLIMBING VINES. : : :

The... Mountain Beauty.

Antigonon Leptophus
Rosa de Montana, : :

15 CENTS EACH.
TWO FOR 25 CENTS.

FOR : : : MANY YEARS

I have been in quest of this beautiful hardy climbing vine, which might be well called the CARMINE WISTERIA, so similar are the lovely clusters of flowers with those of the Wisteria. Apart from the similarity of the flowers, it differs from the Wisteria in many ways. Although it is a native of Montana, I secured my original stock in Germany, and after careful treatment have succeeded in getting a quantity of it ready for sale. I believe it to be one of the most beautiful, as well as one of the rarest hardy climbers in existence, and I have the distinction of being the only florist to offer it at any price.

MOUNTAIN BEAUTY is absolutely hardy and, once planted, is practically everlasting. The foliage, as well as habit of growth, resembles Ampelopsis Veitchii, one of the most popular and valuable of hardy climbers. It surpasses Ampelopsis Veitchii, however, inasmuch as it produces immense clusters of the most exquisite flowers imaginable. The flowers are borne in prodigious profusion, and a well-established plant, loaded with its gorgeous carmine flowers, is one of the grandest sights we have ever seen. Imagine a plant of Ampelopsis Veitchii with its magnificent, large, deep-green foliage covering the entire side of an ordinary dwelling, loaded down with large clusters of carmine flowers, and you can form an idea of the splendor of MOUNTAIN BEAUTY.

This is really a wonderful novelty, which will excite the admiration of the botanist, as well as that of the amateur planter. It is one of our grandest introductions, sure to become immensely popular because of its handsome foliage, hardiness and, lastly, its superb, brilliant flowers.

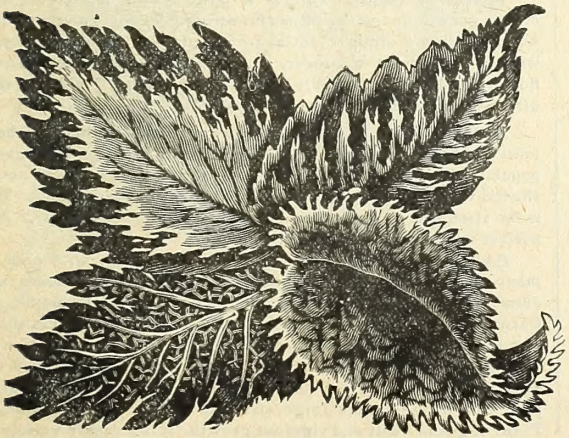
I make the price low for strong plants. This is one of the plants you will be sorry to have missed getting when you see it growing and blooming. By all means take my advice and include three plants at least in your order.

CROTONS.

THE Crotons are among the finest decorative foliage plants known. As easy to grow as Coleus, and much brighter in their coloring. Our customers everywhere, especially in the South, should bed out Crotons. The leaves of all are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully fountain fashion, others are broad and short, oak-leaved. Some recurve very much, others twisted, corkscrew-like. Crotons love heat, sunshine and moisture. The crotons are fast becoming one of our most beautiful bedding plants, and are also one of the handsomest house plants in pots. **Price, 10 cents each; three for 25 cents; seven choice varieties, all different, for 50 cents.**

AUREA MACULATUS. Small leaves, neat habit, deep, bright green, profusely spotted with bright yellow.
CORNUTUM. Green, with a profusion of yellow spots.
ACUBIFOLIUM, Mottled with red and yellow.
DISRAELI. A lobed variety with golden-yellow ribs and spots.
INTERRUPTUM. Long, narrow leaves, spotted with yellow.
IRREGULARE. Leaves irregular in shape, often changing in form; has different shades of yellow, orange and crimson.
MULTICOLOR. Dark green foliage, marked yellow and crimson.
MAJESTICUM. Mottled and margined with crimson and yellow.
NOBILLUS. Pendulous leaves, richly colored crimson and yellow.
VARIEGATUM. Veins broadly margined with golden-yellow.
WEISMANNII. Long, narrow leaves, mottled with golden-yellow.

"SUN PROOF" COLLECTION OF BEDDING COLEUS.



Price, postpaid by mail, 5 cents each; six for 25 cents; twenty-five for $1.00. By express, at purchaser's expense, thirty-five fine sorts for $1.00. In large quantities for bedding in colors, $2.50 per one hundred, by express at purchaser's expense.

AUTUMN GLOW. Has all the beautiful tints of Autumn leaves.
BRONZE QUEEN. A deep bronze, with a fine yellow edge.
BLACK BIRD. Very dark, with reddish cast.
BUTTERFLY. A crimson-bronze, old gold and green.
BIZARRE. Crimson center, edged with green and gold.
BEAUTY. A crimson bronze, with green edge.
CHICAGO BEDDER. Green and gold. An excellent bedder.
DORA CLAPP. Crimson center, with bronze and green edge.
EMPRESS OF INDIA. Crimson with golden edge.
FIRE BRAND. A fine bedder. Dark crimson, shaded garnet.
FIRE CREST. The foliage is a bright carmine-crimson shade, the edge is slightly marked with golden-yellow.
GOLDEN BEDDER. Deep golden-yellow. A fine bedder.
GOLDEN VERSCHAFELTII. This ranks first in the yellow varieties.
HERO. A deep, jet black.
HIAWATHA. Bronze and yellow, spotted.
PROGRESS. A beautiful mottled red, green and bronze
RETTA KIRKPATRICK. A bright green, with large, deep yellow center.
SETTING SUN. Crimson, with brightest golden edge.
VERSCHAFELTII. A rich, velvety-crimson. The best bedder.
YEDDO. The color is a deep golden-yellow, splotched with a bright green.

And thirty others of the most elegant sorts saved from ten thousand seedlings. Nothing to compare to them. If selection is left to me, I make no discrimination, because they are all new, but all go at the same price.

BON TON COLLECTION

OF

Choice New Monthly Carnations.

THE DIVINE FLOWER.

NO plant excels the everblooming Carnation Pink—rivaling the Rose in beauty of colors and shades, equaling in lasting perfume and even excelling it in profusion of flowers. Easily grown, and blooms freely, either as a bedding plant in Summer or in the greenhouse or window garden in Winter. The collection I here offer are all of the very best new varieties; indeed, they are the very best that money can buy, and have a wide range in color. When you own this collection of Carnations you can rest assured that no person has any that are finer. PRICE, 8 cents each, or the entire Bon Ton Collection of eight varieties for 50 cents.

BON TON. This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant, dark red, shaded with the richest maroon, fringed petals, nearly every flower being on a long stem. This variety surpasses in richness of color the most perfect Jacqueminot Roses.

JACK FROST. This variety is the largest white Carnation in cultivation. Often measures four inches in diameter. The flowers are of the purest white, with petals of great substance, making it one of the very best.

ABUNDANCE. Flowers very large and perfect in form. Color a bright, rosy-pink, with salmon shading when the flowers are fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarf, growing about fourteen inches high. This we consider one of the best pink varieties ever offered, and an excellent variety for pot culture.

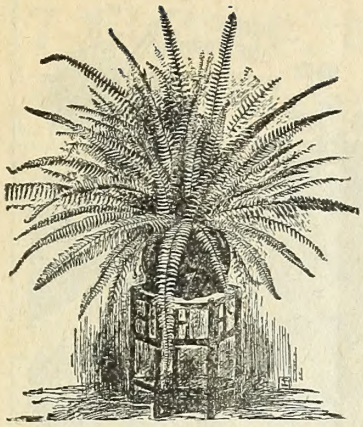
JUBILEE. Very dwarf, and of a nice, bushy growth, forcing very long flower stems, each individual flower possessing a stem varying from three to eight inches in length. It has perfectly formed flowers. Color a rich, bright dazzling scarlet. We unhesitatingly recommend this sort.

FIELD OF GOLD. This is a pure yellow Carnation, of strong growth and very profuse flowering. There is no stripe at all in it, being a straight out-and-out deep, rich, golden-yellow, without any color whatever, under any circumstances. The florets are large and double, as in Buttercup, and, taken all in all, it is the very best yellow Carnation out.

ARMAZINDY. The "Pink of Perfection." Probably the most beautiful Carnation yet introduced, and must become very popular. Flowers are a pure satiny-white, and marked and shaded with rosy-pink, good size, perfect form, never bursts. It is the strongest and sweetest-scented Carnation we know. A perfect beauty.

PAINTED LADY. Another grand Carnation, with enormous-sized flowers, often measuring three and a half inches in diameter, and at the same time being one of the freest-blooming Carnations we have ever seen. Ground color of flowers the purest white, very handsomely penciled with the richest crimson.

TRIUMPH. This variety has been greatly admired wherever it has been seen for its desirable color, being a beautiful, pure rich pink, flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.



NEW SWORD FERN.

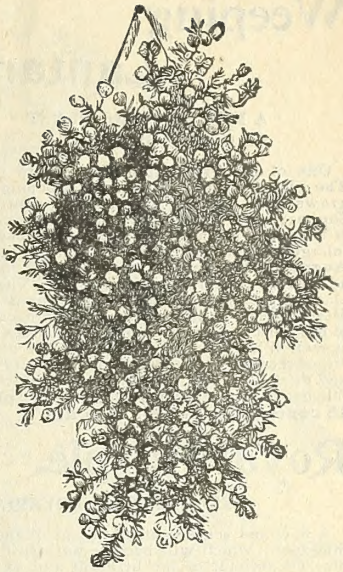
Nephrolepsis Compacta.

In our estimation this variety is the finest of all Sword Ferns. It is of a free, strong growing, compact habit, attaining, when fully grown, a height of about two feet. The fronds are of a dark green color, very rich, of upright growth, with just sufficient arch in them to make them graceful. For house culture or for window gardening we don't know of any other variety that would give the same satisfaction and which we could recommend so highly. **Price, 15 cents each.**

ARAUCARIA EXCELSIA.

(Norfolk Island Pine.)

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "*Christmas Tree Palm*," from its resemb ance to a Christmas tree; others have called it the "*Star Palm*," because the leaves are arranged to form a perfect star, but no descriptive name can give an adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. It requires the same culture as the Palm. Indeed as a decorative plant for the house this is one of the handsomest and most serviceable plants in our collection. **Extra fine plants, 15 to 18 inches high, $2 each; 12 to 15 inches high, $1.50.**



ALYSSUM.

(DOUBLE SWEET.)

A very great advance on the single Alyssum. It is indispensable as a cut flower, being a beautiful white, and very fragrant. A very useful edging plant. Continues to bloom till November, as light frosts do not injure it. Also fine for Winter blooming in the house. Elegant for baskets, vases or window boxes. **Price, 6 cents each; three for 15 cents.**

ANEMONE, "WHIRLWIND."

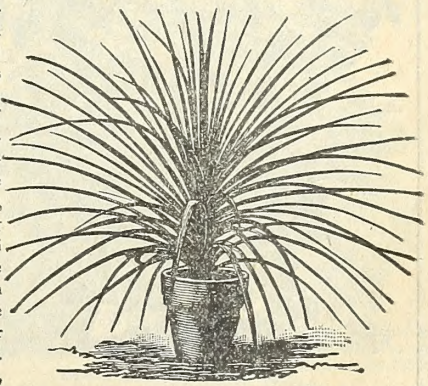
One of the most beautiful of hardy herbaceous plants. It commences to open its lovely, pure white blooms, three inches across, in August, and continues to increase in beauty until cut by frost. They are entirely hardy and should not be transplanted more than is necessary. We consider this a good acquisition and cannot recommend it too highly. **Price, 15 cents each.**

DRACAENA INDIVISA.

For general decorative purposes this is one of the very best plants we know. It is of graceful habit, an exceedingly rapid grower, and is not affected by sunshine, storm or drought. It forms a Palm-like tree, and does equally well indoors or in open ground. We specially recommend this lovely decorative plant. It will come as near giving entire satisfaction as anything offered in this book. As a rule it sells for high prices. We offer it at a popular price. **Nice plants, 15 cents each; large plants, 25 cents each.**

GENISTA CANARIENSIS. (Fountain of Gold.)

This beautiful plant well deserves the great popularity it has gained in the past two years. The drooping branches are covered with delicate, sage-green foliage, and every twig is tipped with a long raceme of exquisite, pea-shaped blossoms of a pure canary color, almost hiding the foliage, and suggesting the name 'Fountain of Gold.' A fine companion for Swainsonia Alba. **Price, 20c. each.**

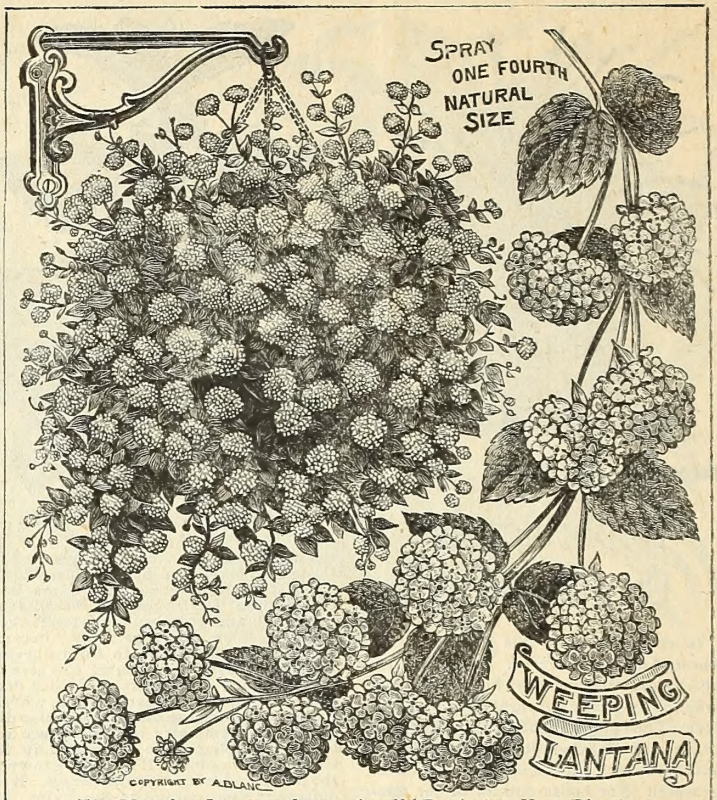


DRACÆNA INDIVISA.

Weeping Lantana.

A NEW WEEPING PLANT OF GREAT BEAUTY.

One of the grandest basket plants grown. The plant has a most graceful drooping habit, grows very rapidly and blooms continually Summer and Winter, producing large clusters of flowers of the most delicate lilac or rosy-pink, foliage a beautiful dark green. A single plant on August 1st, this past Summer, had five hundred and ninety clusters of flowers on it. The same plant, December 1st, had three hundred and fifty clusters of flowers on, which proves it one of the most persistent bloomers, and does equally well Winter and Summer. I know of nothing of recent introduction that is as easily grown and gives so much pleasure and satisfaction as this beautiful Lantana. **Price, strong plants, 15 cents each; two for 25 cents.**



The Weeping Lantana is a splendid Basket or Vase Plant.

Royal Purple.

STROBILANTHES DYERIANUS.

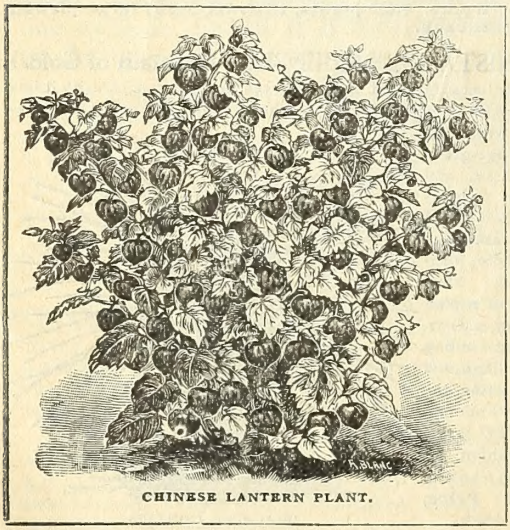
A new and very beautiful foliage plant from Singapore, which will become universally popular on account of the brilliant and exquisite coloring of its leaves, the beauty of its flowers and its extraordinarily easy growth and usefulness as a decorative plant. It surpasses the finest Coleus in exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms with which the plant is covered in mid-winter greatly enhance its value and beauty. **Price, 10 cents each; three for 25 cents.**

The Chinese Lantern Plant.

The introducer says: "A most magnificent plant for the garden during Summer, or for pots both Summer and Winter. Treated like a Tomato it grows and fruits freely from seed the first season, yet the plants are perennial, and may be wintered in the cellar or grown in pots as window plants. The plant produces numerous large, inflated husks, much the shape of Chinese lanterns, at first a beautiful green color, changing to a yellowish hue, and then to brightest scarlet, and as they hang suspended among the green foliage they present a most novel and strikingly beautiful appearance. **Price, 10 cents each; three for 25 cents.**

Chinese Primrose.

Few house plants afford better satisfaction than this. It requires to be kept cool, a north window suiting it best. Care should be taken in watering that no water gets on the buds, as it causes them to decay. In the Summer they can be turned out into a shady border. The plants I offer are fine, and the colors will please. I have them in white, pink, red, crimson, striped and blue. **Price, 10 cents each.**



CHINESE LANTERN PLANT.

ROYAL PURPLE.

7 Elegant Jasmines.

MAID OF ORLEANS. In this beautiful Jasmine there are combined some sterling qualities that place it a peer over existing sorts. Of easy culture, fine grower, good bloomer, elegant fragrance, and double flowers of chaste and waxy-white appearance. **Price, fine plants, 15c each; strong plants, 30c each. If you only have one Jasmine, let it be this one.**

JASMINE GRACILLIMUM. Exceedingly florifeious. A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white, fragrant flowers. In bloom in the greenhouse from October to February. **Price, 8 cents each.**

GRANDIFLORUM. (Catalonian Jasmine.) From Italy. Flowers are pure white, star-shaped, of exquisite fragrance. **Price, 8 cents each.**

POETICA. Similar to the Jasmine Grand, flowers smaller, but borne on larger spikes. **Price, 8 cents each.**

REVOLUTUM. A yellow-flowered Jasmine, nearly hardy and exquisitely fragrant. **Price, 8 cents each.**

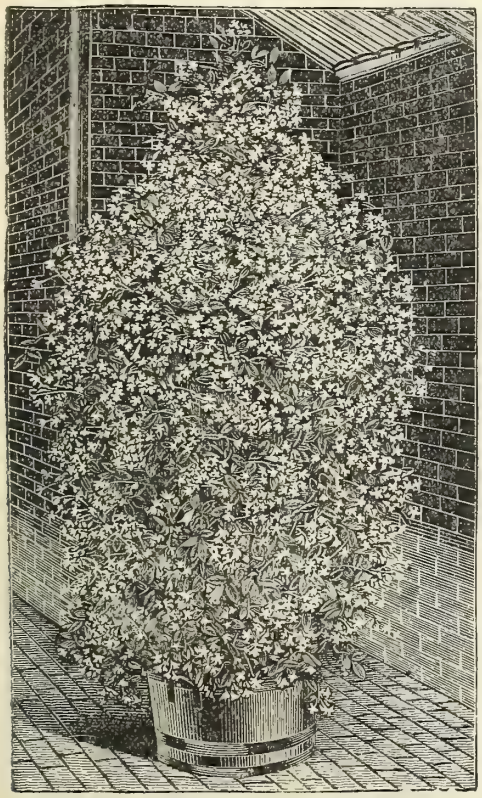
JASMINE, CAPE. Well-known for its delicious fragrance and beauty of its flowers, which are white and double. **Price, 10 cents each.**

GRAND DUKE OF TUSCANY. This Jasmine is very easily grown, even small plants bearing a profusion of very double, cream-white flowers, having a delicious perfume. It is a magnificent plant, and will become one of the most valuable and popular pot plants when it becomes better known. It can be stored in a dry cellar in Winter. **Price, 15 cents each; strong plants, 35 cents each.**

SPECIAL OFFER.---The seven Jasmines for 50 cents.

CONFEDERATE JASMINE.

Rhynospermum Jasminoides.



CONFEDERATE JASMINE.

This makes an elegant hard-wooded climber, or can be trained in bush form. It bears large bunches of pure white flowers, with the most delicious Jasmine perfume. It is known in the South, where it is hardy, as the Confederate Jasmine. A great plant for house culture Also known as Malayan Jasmine. It will delight all. **Price, 10 cents each; three for 25 cents.**

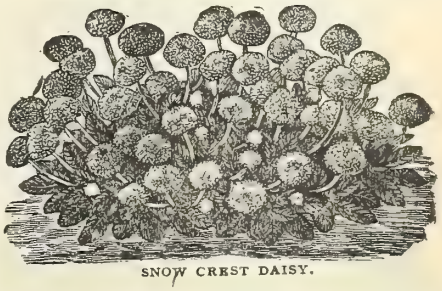
Jasmine, Maid of Orleans.

LANTANAS, OR SHRUBBY VERBENAS.

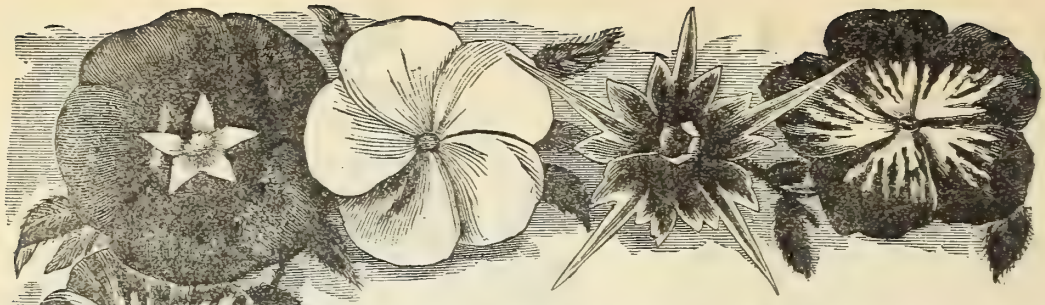
The brilliant colors, robust growth and profuse blooming habit of the Lantana render it one of the finest bedding plants I grow. The flowers embrace all of the most delicate shades of orange, sulphur, creamy-white, etc., changing from one distinct color to another as they increase in age and development. The varieties I have give a wide range of color, and include the most distinct and profuse varieties. **Price, 8 cents each; four, my selection, for 25 cents.**

HARDY DOUBLE WHITE DAISY, SNOW CREST.

Entirely hardy everywhere. The most distinct, and an improvement on all existing sorts. Its habit of growth and size of flowers, in comparison with older varieties, is gigantic. The flowers, which are borne on stout, stiff stems, from six to ten inches long, are of the purest white and full to the center. When fully developed they rise to a conical or sugar-loaf form, and well-grown specimens will cover a silver dollar. It makes an admirable hardy garden plant, or may be forced for cut flowers under the same treatment as violets. **Price, 10 cents each; three for 25 cents.**



SNOW CREST DAISY.



Hardy Phlox.

The new French varieties all carry very fine, distinct, pure colors, in great trusses, many of them beautifully shaded and marked with very distinct, clear, bright eyes. Require no care but dividing and resetting every second year. Their vigorous growth and freedom of bloom make them very useful plants, while they are unexcelled in beauty. Instead of the thin flowers, which were limited to lilac and white colors, we now have gorgeous colors, combining all the different tints of rose, carmine, red and purple, to say nothing of the pure whites and salmon, with their distinct eyes. Perfectly hardy everywhere. **Price, 8 cents each; the set of seven for 50 cents.**

HARDY PHLOX.

Phlox, Cross of Honor. Beautiful light rose, striped pure white.

Flora McNab. Pure white and free.

Lothair. A brilliant salmon-rose.

Princess de Furstenburg. White, with carmine eye.

Sir E. Landseer. A brilliant dark crimson. Large, fine flowers.

Stansted Rival. Rose-pink, dark crimson rays.

Triumph de Twickle. Rosy magenta.

CAMELLIA JAPONICA.

HYDRANGEAS

SPECIAL OFFER:

THE SEVEN HYDRANGEAS, GOOD PLANTS, FOR 50 CENTS.

New Hydrangea, Stella Fimbriata. This is the only double Hydrangea in existence. The individual flowers are perfectly double and resemble in shape small rosettes, a beautiful pink peach in color, very floriferous; flowers of the largest size It is certainly a charming plant. **Price, 10 cents each.**

New Hydrangea, Red-Branched.—(*Ramis Pictus*) A valuable addition to the list of Hydrangeas, with dark red branches that brighten to a clear crimson color as they near the flower trusses. The plant is of robust habit, and produces freely immense heads of deep, rose colored flowers. A novelty of sterling merit that is sure to become very popular. This is by all odds the prettiest Hydrangea. **Price, 8 cents each.**

HYDRANGEA, PANICULATA GRANDIFLORA.

Hydrangea Otaksa. A bright, rosy-pink, flowers always perfect, and lasting, when in bloom, three to four months. Try it. **Price, 8 cents each.**

Thomas Hogg. A pure white variety, with trusses of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a height and width of six feet. Perfectly hardy. One of the finest plants for cemeteries.—**Price, 8 cents each.**

Hortensis. The old favorite variety. Pink flowers, changing to blue in soils containing iron.—**Price, 8 cents each.**

New Hydrangea, Monstrosa. This is by far the best of all Hydrangeas, the flower being almost double in size of the older varieties, and its free-blooming qualities are unequaled by any plant we know of. The color is at first a deep, rich pink, gradually changing to almost a snow-white. Blooms have been measured fifteen inches in length by ten inches through. It is indeed an enormous and beautiful flower. **Price, 15 cents each.**

New Japanese Hydrangea, Paniculata Grandiflora. A new, very striking and elegant hardy flowering shrub, suitable for lawns, recently introduced from Japan. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal trusses more than a foot long and nearly as much in diameter. It blooms in mid-Summer, and remains in bloom two or three months. Creates a great sensation wherever seen. Is scarce and difficult to obtain. The plant is of a bushy and compact growth, attains a height of three to four feet. Perfectly hardy **Price, young plants, 15c each; extra strong, two-year-old plants, for immediate effect, 35c each.**

CAMELLIA JAPONICA.

The royal family of greenhouse plants. Leaves glossy-green, and flowers of the most exquisite beauty and waxy texture. From pure white to crimson, in almost endless variegation. The pure white ones are generally prized above the colored varieties. Their culture is nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Their time of blooming is Winter and early Spring. Requires a moderate and uniform temperature with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. A fine assortment. **Price, for large, strong plants, 60 cents each.**

Sara Frost. A bright crimson. Fine.

Queen of Denmark. Salmon-rose, fine form.

Lady Hume's Blush. Flesh color. Extra fine.

Jenny Lind. White, with pink stripe.

Fimbriata. Clear white, with the petals finely fimbriated.

Caleb Cope. Clear blush rose. One of the best

Americana. Blush, mottled with rose.

Camellia, Alba Plena. Double white, very fine, and the best white.

HYDRANGEA MONSTROSA.

OTAHEITE ORANGE.

Otaheite Orange..

THIS valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep green foliage, which has a decided odor of the Orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much sought for blooms of Southern Orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree its sweetness. This unique Orange cannot be equaled as a Winter-blooming pot plant for house culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant Orange blossoms. I have grown a large stock of clean, vigorous plants that will bloom and fruit at once, of this beautiful Orange, and commend it to my friends as a novelty of sterling worth and merit. **Price, good plants, 10 cents each; large, strong plants, to bloom and bear profusely at once, 25 to 40 cents each, according to size.**

Lemon of Sicily. Dwarf.

This is as much of a wonder as the dwarf Orange. It bears the largest Lemons of any variety in cultivation. A single fruit often weighs two to three pounds. A handsome companion for the Dwarf Orange, as it bears fruit when quite small. The flowers are as fragrant as the Orange blosoms. **Price, 20 cents each; large, strong plants, 40 cents each.**

SPECIAL OFFER.—A fine plant of both Dwarf Orange and Lemon for 25 cents.

Bougainvillia Sanderiana.

This beautiful free flowering variety was introduced about three years ago. On account of its free-blooming qualities it has become very popular, especially as a plant for Easter decoration. It is of rapid growth and the brilliant rosy-crimson blossoms are produced from early in March until mid-Summer. In fact, a plant will frequently flower the greater part of the year. Altogether it is a most desirable subject for the conservatory or window garden. The admiration of all beholders. **Price, 20 cents each.**

Rudbeckia Laciniata. "Golden Glow."

A hardy perennial plant growing eight feet high, branching freely, and bearing by the hundreds, on long, graceful stems, exquisite double blossoms of the brightest golden color, and as large as Cactus Dahlias. The cut represents a plant in bloom, as photographed. Mr. William Falconer, the best authority on plants in this country, says of it: "When I saw the double-flowering form of Rudbeckia Laciniata in bloom in your grounds I was amazed, for notwithstanding my long and intimate acquaintance with plants I had never before seen a double-flowered Rudbeckia, and I was delighted with the fulness and gorgeousness of the blossoms and their clear, bright yellow color. You gave me a plant, and it was set out in good garden ground. It grew vigorously, and threw up strong, branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance, without any stiffness in habit or blossom. Many eminent florists and amateurs have seen it here, and all admired it. As cut flowers the blossoms last well. In fine, I unhesitatingly regard it as the most desirable introduction among hardy perennials since we got Clematis Paniculata." It is the most effective flowering plant for August and September in cultivation. **Price, 10 cents each; three for 25 cents.**

BOUGAINVILLIA SANDERIANA

"MIKADO" SET OF Chrysanthemums.

The Chrysanthemums named on this page are the choicest productions from all exhibitions and sources for the year 1898. Our patrons can rely on them being each and every one the very choicest color, as awards are not given until the judges are satisfied that they are better than any existing sorts. So, if you wish to be up to date, and have the very best, order this set. IN ORDERING SAY "MIKADO SET."

PRICE, 10 CENTS EACH; THE SET OF TEN FOR 50 CENTS: ANY FIVE FOR 25 CENTS.

LORNA DOONE.

This variety is of mammoth size, purest snow-white in color, very broad, heavy, deep flower, measuring fourteen inches in diameter. When the flower is several days old the outer petals curl and interlace. Probably the largest of all whites, and no doubt the very best. This charming variety has taken prizes wherever shown. It is as pure in color as it namesake was in character in Blackmore's beautiful romance.

SUNDEW.

n exhibition bronze. The flower is of immense size, crowded with petals which are stiff and of great substance. Form incurving, depth about three and one-half inches. A most imposing bloom. Color Indian-red, faced with bronze. Received $50 premium at Indianapolis as best bronze.

BELLE OF CASTLEWOOD.

One of the grandest varieties of the year. Flowers of immense size, almost spherical, outer petals recurving slightly, quite double, and carried on a good stem. The color is a soft lemon, suffused with pink. This is the variety that took the silver cup at Madison Square, offered for the best pink.

HER MAJESTY.

The sensational variety of the year. It has won prizes and certificates everywhere shown. It is an enormous globular Japanese, with broad, incurving petals. Color white, shading to pale lemon. The flowers are often twelve inches in diameter. It is undoubtedly the most meritorious variety of the year.

DEFENDER.

This is the richest deep crimson variety we have ever seen, and excels in its color. The color is of the richest, velvety-crimson, which in the flower itself is soft and velvety-like. The outer petals are broad and drooping, and have a lustrous sheen in the sunlight. The form is flat, with drooping outer petals, which gives it a very graceful appearance.

GOLDEN TROPHY.

The largest yellow in existence. This magnificent new Chrysanthemum was exhibited last Fall, measuring over fifteen inches in diameter, and is, without exception, the largest yellow Chrysanthemum ever introduced. The color is deep, rich yellow, the half-expanded flower incurving. Some idea of the value of the new sort may be formed from the fact that the introducer had the entire stock sold one year in advance. The flowers are of enormous size. We have no hesitancy in saying that we regard this the best of all yellow Chrysanthemums.

MARQUIS MORTEMARTE.

A superb, clear Mermet rose-pink, petals thick and heavy, cup-shaped, solid to the center, immense in size, having been exhibited eleven inches across. The best pink in commerce. Awarded silver medal by Pennsylvania Horticultural Society.

SUNSTONE.

Petals hook up at the end, showing the light straw reverse; upper surface bright yellow, shading to red at the base. The flower being flat, shows the three colors to advantage. The most beautiful combination of colors yet produced. Seven inches in diameter. Awarded first-class certificate by the National Chrysanthemum Show, England.

JOHN SHRIMPTON.

Incurved Japanese bloom of large size and high-built, solid form. Deepest crimson, nearest approach to black. Never burns as crimsons are apt to do. Strong, healthy habit. Winner of silver cup at Madison Square Garden, 1895.

WESTERN KING.

In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms. It is the most popular style, immense, incurving, broad, channeled petals, of great substance and the purest white. A perfect ball of snow. Sixteen to eighteen inches in circumference. We think this variety does not possess a single fault.

"Ostrich Plume" Set of Chrysanthemums.

PRICE, 10 CENTS EACH.

New White "Ostrich Plume," Mrs. Alpheus Hardy. The flowers are very large and of thick substance, perfect shape, and belong to the incurved Japanese section, while the color is the purest white. It is of immense size, broad petals and incurved, the surface being downy, like loose-piled plush. The entire flower seems frosted with glittering white. Its unique character consists in its fine, downy appearance, which is produced by the glandular hairs which cover the petals, which has been frequently described by the press as producing a fluffy effect, similar to an ostrich feather. It has received the highest honors wherever exhibited.

New Sweet-Scented "Ostrich Plume," Miss Anna Manda. Flower very high and compact, perfectly double, incurved, of the purest white. The numerous petals are well furnished with long, glandular, hair-like out-growths, giving the flower a unique appearance, far surpassing in attractiveness the celebrated Mrs. Alpheus Hardy. The plant is of strong and vigorous habit, carrying the flower erect on a stout stem. Another great recommendation of this new variety is that the flower is sweet-scented.

New Yellow "Ostrich Plume," Gold Dust. A grand yellow, incurved, hairy variety of the "Ostrich Plume" class. The flowers are large, of a beautiful, clear golden-yellow, incurved, and covered with golden-yellow hairs. The plant is vigorous in growth, and the flower is borne upright on a stout stem. No collection can afford to be without this variety.

New Rosy-blush "Ostrich Plume," William Falconer. The color is an exquisite shade of rosy-blush, changing to a delicate flesh-pink as the flowers advance in age. A description can not convey the beauty of coloring found in this new variety. The delicacy of tinting is unsurpassed in any class of flowers within our knowledge. The soft, feathery growth peculiar to the "Ostrich Plume" class is pronounced, the effect being as if a softly-tinted, lace-like web or veil was thrown over the blooms, a unique and beautiful additi n to its appearance. The flowers are of the largest size, and are borne on strong, vigorous stalks. The growth of the plant is all that could be desired.

SPECIAL OFFER.—The ten Mikado Set and the four Ostrich Plume Set of Chrysanthemums for 75 cents.

"GOLD MEDAL" Chrysanthemums.

THIS IS THE BEST COLLECTION OF CHRYSANTHEMUMS EVER OFFERED BY ANY FIRM IN THIS COUNTRY.....

Ada Spaulding. Too well known to need description. Pink and white, of globe shape, largest size.

Abraham Lincoln. Rich cream color, petals trumpet-shape, arranged to form a perfect ball. A sensational variety.

Admiration. A soft, pure creamy-white, each petal tipped shell-pink, petals of irregular lengths, like satin ribbon.

A. Swanson. An immense bloom of the brightest red, reverse chrome-yellow.

Beau Ideal. A bright rose-pink, without touch of lavender shadings. Form somewhat flat, incurved shape, outer petals horizontal, showing bright pink, incurving center, showing a lighter shade.

Challenge. A perfect globe of deep golden-yellow, of immense size. Has won gold medal and over fifty first prizes.

Eugene Dailledouze. This beautiful variety captivated all who saw it at the World's Fair. The cleanest and brightest of all yellows.

Exquisite. Petals upright and show the bright pink shadings at their best. Color a deep, clear pink.

Edward Hatch. Blooms of immense size, almost spherical, quite double. Color a soft lemon, suffused with pink.

Eva Hoyt. An immense double Japanese bloom, clearest and brightest yellow, solid golden ball, Grand.

Eda Prass. A showy Japanese variety. Inner side of petals rich, wine-red, reverse silvery-pink. On first opening the petals have a peculiar manner of twisting or curling, showing the reverse color. When fully expanded they display the red shade.

Fair Maid of Perth. Magnificent heavy bloom of largest size, borne on stiff, erect stems, upper petals incurved to center, while the under ones reflex closely to the stem, forming a round ball of purest white, occasionally tipped rose.

Fisher's Torch. Pure, deep scarlet. Entire new shade, quite full and flat. All of one tone of color. Distinctly new.

Flora Hill. Probably the finest white in existence. An immense double flower of great substance and depth.

Frank Thompson. A fine pearly-pink variety, shading to white. A fine grower, with stiff stems. Superb.

Good Gracious. The color is unique, being a delicate shade of peach and pink throughout.

Golden Wedding. A deep, bright golden-yellow, of shining texture, very large in size. A fine exhibition sort.

Gorgeous. Deep golden-yellow of richest hue, immense size. Petals feathery, incurved and whorled. No collection complete without it. Indeed gorgeous in its color and bearing.

George W. Childs. No Chrysanthemum has created such a sensation as this. Of immense size, and of the richest, deep, velvety-crimson. Winner of four gold medals.

Gettysburg. Another gold medal variety. Of the richest crimson, and of enormous size. A great favorite.

Harry Balsley. A very chaste and beautiful cup-shaped variety of delicate shell-pink.

Harry E. Widener. A very fine yellow. Those desiring fine pot plants should plant this variety. It is still a prize-winner at all the shows.

Interocean. An ivory-white, very massive in build. This variety is in every prize-winning collection. None better.

Jessica. For general purposes as a cut flower and as a show variety, it is ahead of anything yet produced. Flowers average six inches in diameter, and when grown to a single stem, ten inches. Pure white.

King's Daughter. Fine, pure snow-white, center petals irregularly drooping. Stout stems, very showy, loose, pure Japanese style, flowers very large.

Kioto. Very large, incurved yellow, strong, free grower, extra fine. Good for cut bloom. Does well as large specimens.

Latest Fad. A mammoth bloom, with cord-like petals eight inches in length. Color a rich yellow, at times mottled and splashed with bronze and crimson.

Lilian E. Bird. Of the very largest size, long, tubular petals, of perfect form, producing flowers twelve inches in diameter. Color is an exquisite shade of "shrimp pink," the flower, when fully open, being an immense half globe.

Mikado. Exquisitely fringed flowers of crimson and gold, curved and plated, of irregular form. Will be the center of attraction wherever placed

Marguerite Jeffords. A fine flower of bright amber or chestnut color. A most rich and pleasing shade. One of the finest Chrysanthemums extant. Very lasting. Should be in every collection for exhibition.

Miss M. E. McCowet. Flowers very numerous, always perfect in form and full to center. Color softest white, with a deep flush of pink throughout the outer half of the flower, curving over the center, sometimes tipping the inner petals.

Mrs. Craig Lippincott. Largest yellow in existence. Was exhibited measuring over nine inches in diameter.

Mrs. C. H. Wheeler. Very large and perfectly-formed flowers, perfect incurve, outside of petals a bright orange lined on concave side with brilliant red One of the very largest.

Marvel. Very large, flat flowers of regular rosette shape, ground color pure waxen-white, and on this is a large, irregular blotch of wine color. No two flowers similarly marked. Flowers will sometimes come a solid wine color. The contrast in color is very beautiful.

Mutual Friend. Very near spherical in form, almost white in color, showing a touch of pearl-pink at base of petals.

Major Bonaffon. Soft, clear primrose-yellow, full in center, eight inches in diameter and nearly as deep.

Mrs. John Wannamaker. A superb variety, of perfect incurved form, resembling a flat ball of wood. Color pink and white, nicely blended.

Maude Dean. An immense pink variety, finely incurved, petals broadly shell-shaped. One of the largest flowers exhibited in the Fall shows. Almost a pure self-pink.

Mrs. J. Lewis Childs. The enormous flowers are as round as a ball, and produced in abundance on long, stout stems. The pure snowy-white color develops a tinge of pink so exquisitely faint that one almost looks for the color in the light, and not the flower. Used for decoration in the evening.

Mrs. Winthrop Sargeant. Brilliant straw color, incurved, carrying its flowers on long, stiff stems. Very large, if not the largest in this line of color. A large, grand flower.

Mrs. Langtry. A perfectly-formed, flat flower, of unusual size and perfection. Snow-white color, broad bands or ribbon petals. Altogether one of the very finest varieties.

Mrs. E. G. Hill. Blooms are eight to ten inches in diameter, color a delicate lavender-pink, petals incurved. Greatly admired. Winner of twelve first prizes and gold medal.

Marie Louise. Beautiful, recurved, white, interlacing petals, outer ones reflexed closely around the stem, inner ones building up full to the center, forming a plumy globe.

EVERY Chrysanthemum on this page has won a gold medal. Indeed, some have won several. You can order from this list with the assurance that any one will be beauties. The price I offer them at is very low, as you will see by comparing them with any flower catalogue published. Price, 5 cents each; any six, your selection, for 25 cents; any thirteen, your selection, for 50 cents; any thirty for $1.00.

Mrs. Cleveland. A pure white variety, with long, tubular petals, flowers very large, like President Cleveland

Miss Gladys Spaulding. One of the very best whites ever produced. Large, round, exceedingly well built flower.

Mrs. A. Carnegie. Bright, deep crimson, reverse of petals a shade lighter, broad, long, flat, of leathery texture, incurving on first opening, afterwards assuming the form of a large Pæony. Strong, erect, heavy foot stalks

Mrs. Anthony Waterer. An immense spreading flower, which has been produced eleven inches across, the individual petals being one and a quarter inches across, at first very pale blush on the outside, which tint it loses as it matures. When fully expanded it has the appearance of a bunch of white ribbon. Invaluable for cutting.

Mrs. A. J. Drexel. Very early, large-flowering variety, half spherical form, petals long, arranged like rays. The color is a fine example of crimson-lake, quite double and a fine grower.

Mrs. Jerome Jones. Large, cream-white, incurved Japanese, sometimes showing a tinge of pink, high, round flowers. Indispensable for exhibition. Grand stem and foliage.

Mrs. W. K. Vanderbilt. One of the finest in the entire Chrysanthemum family. A grand, large flower of the purest white. Seen in splendid shape at the Fall shows.

Mermaid. Very delicate pink, perfectly incurving, broad petals, extremely delicate in color and finish. Extra good.

Pitcher & Manda. Who ever heard of Chrysanthemums having two distinct colors in one flower? But that is just what Pitcher & Manda is. Outer five or six rows of petals pure white, of Dahlia-like form, while the center is a deep, bright yellow, the two colors being sharply defined. Won gold medal.

Robert McInnes. The color is bright scarlet and gold, while it is full to the last degree, a perfect globe in form. It is quite early, being in full perfection the last week in October. Can be had earlier. Very brilliant in appearance, grand size and form

Sugar Loaf. A fine grower, and perfecting numerous extra large flowers of bright yellow or bronze-yellow, inner petals incurving, outer petals reflexed.

The Queen. A grand double white, of fine size and great substance, very rounded in form, incurving and full. A prize-winner wherever shown. By far the best of its style, and one of the most valuable novelties.

Vivand Morel. This grand variety has literally leaped into popularity. Flowers so large as to startle you. Color shades from a few rows of lavender-pearl to richest pink.

W. H. Lincoln. A rich, golden-yellow, of finest form and shape. Splendid for cut flowers, and a magnificent bush plant. A No. 1 for all purposes.

Wenonah. (BLUSHING BRIDE.) The base of the petals is pure white, laced with deep lavender-pink. This is a variety that is much admired, and I have grown a great quantity for this year's sales.

PLUMBAGO, CAPENSIS.

Chinese Hibiscus.

Large-growing tropical shrubs, with very glossy foliage. The plants under the hottest sun produce enormous flowers in great numbers, and make noble specimens. They can be grown in tubs and kept for years. The blossoms average five or six inches in diameter, and are gorgeously colored. A very good way to make them bloom freely and to facilitate the lifting in the Fall is to transplant into a pot two or three sizes larger than the one that it has grown in, then plunge the pot altogether into the ground, the soil to cover the surface one or two inches. Sufficient nourishment can be found by the top and bottom roots to make the plant bloom well without starting it to grow too vigorously, and therefore to bloom less. Then in the Fall the plant can be lifted without injury and transplanted again and kept in a shady, cool place until, fully recovered, it will, in a warm, sunny window or in a warm room, bloom constantly.

Price, 10 cents each; three sorts, my selection, 25 cents. Large two-year-old plants, 25 cents each.

AURIANTICA. Large, double, orange-colored flowers.

DOUBLE CRIMSON. This grand variety has immense flowers of the richest crimson, combined with glossy foliage.

GRANDIFLORUS. Rich, glossy foliage, literally covering the plant with scarlet-crimson flowers.

MINIATUS, SEMI-PLENUS. Semi-double flowers of a brilliant vermilion-scarlet, petals waved and recurved and very handsome.

MAGNIFICUS. A very large flower, and of perfect form. Color a deep magenta, ends of petals touched with brown, foliage finely toothed.

SINENSIS GIGANTEUS. This is a plant for house culture during Winter or Summer, or for plunging outside during Summer. It blooms at all times of the year, commencing to bloom when not more than a foot high. Hard-wooded. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of a vivid crimson-scarlet color. Can be wintered in a cellar or pit with perfect safety, and if one does not care to grow them all Winter, one should have one or two for Summer display.

VERSICOLOR. A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white. A very unique and beautiful plant of the Hibiscus.

SENATOR EVANS. This is a beautiful Hibiscus. The shape of its flowers is identical with the Auriantica, and has the same purple markings at base of petals. The color of this variety, instead of orange, is a bright lemon color.

SUB VIOLACEOUS. The flowers are of enormous size, of a beautiful carmine, tinted with violet. It is probably the largest flower of the Hibiscus family, and an unusually free bloomer. I take great pleasure in recommending this fine plant.

ZEBRINUS. Double, outer petals scarlet, edged yellow, inner petals are very irregular, curiously variegated with creamy-yellow white.

SPECIAL OFFER. — The set of ten Hibiscus, all different, for 60 cents.

PLUMBAGOS.

PLUMBAGO, CAPENSIS. This produces large heads of light blue flowers. Has the most peculiar shade of blue of any flower in cultivation. Always in bloom, and an elegant bedder. **Price, 10c each.**

PLUMBAGO, CAPENSIS FLORA ALBA. This is a splendid novelty. The exact counterpart of Plumbago Capensis, except in color, which in this beautiful novelty is a clear white. This is one of the leading new plants of the year. Do not confound this with the old worthless white. One of the most satisfactory bedding plants out. I recommend this highly. **Price, 8 cents each.**

HARDY ENGLISH VIOLET.

PLUMBAGO, LADY LARPENT. Plants are strong, upright in habit, growing to a height of twelve to fifteen inches in compact clumps, and from the middle of July until severe frost are covered with lovely, rich, violet-blue colored flowers borne in close terminal heads. I had them in bloom as late as October 25. The foliage is unique, finely serrated and fringing the stems. I heartily recommend this fine variety for edging walks, beds or borders, or single specimens set in mixed flower vases or beds, where they appear in lovely contrast with other flowers. **Price, 8 cents each.**

NEW PINK PLUMBAGO, SANGUINEA. The Plumbagos are very desirable plants for bedding or house culture, and are admired by all for their elegant trusses of bloom and the delicate color of their flowers, but with the new variety Sanguinea I have something that is entirely distinct, and the prettiest of all Plumbagos. The trusses of bloom are larger than in the old varieties, often measuring ten inches in length, and of the loveliest bright pink or deep rose. Order one and be surprised. **Price, 15 cents each.**

Lovely Violets.

Of all delightful perfumes that of Violets is the most delicate and pleasant, and places the modest little blue flowers among our greatest favorites. Violets grow and bloom during the dead of Winter with no trouble whatever, if given a cool situation, but will not succeed in a warm place.

HARDY DOUBLE ENGLISH VIOLET. This Violet is entirely hardy, perfectly double, a deep violet-purple color and most deliciously fragrant. It is entirely free from disease of any kind, will grow and bloom in any garden and situation. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. **Price, 10 cents each.**

NEW DOUBLE WHITE PERPETUAL-FLOWERING VIOLET, SWANLEY WHITE, OR QUEEN OF FRAGRANCE. Of all the white Violets this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriantly, and is loaded with flowers. **Price, 8 cents each.**

NEW VIOLET, CALIFORNIA. Single-flowered. Raised in California, where it is cultivated by the hundreds of acres for cut flowers. It is entirely hardy, of the richest dark blue and very fragrant. **Price, 10 cents each.**

LADY HUME CAMPBELL. This is the finest of all double blue Violets. In color a lovely shade of the richest intense blue. **Price, 10 cents each.**

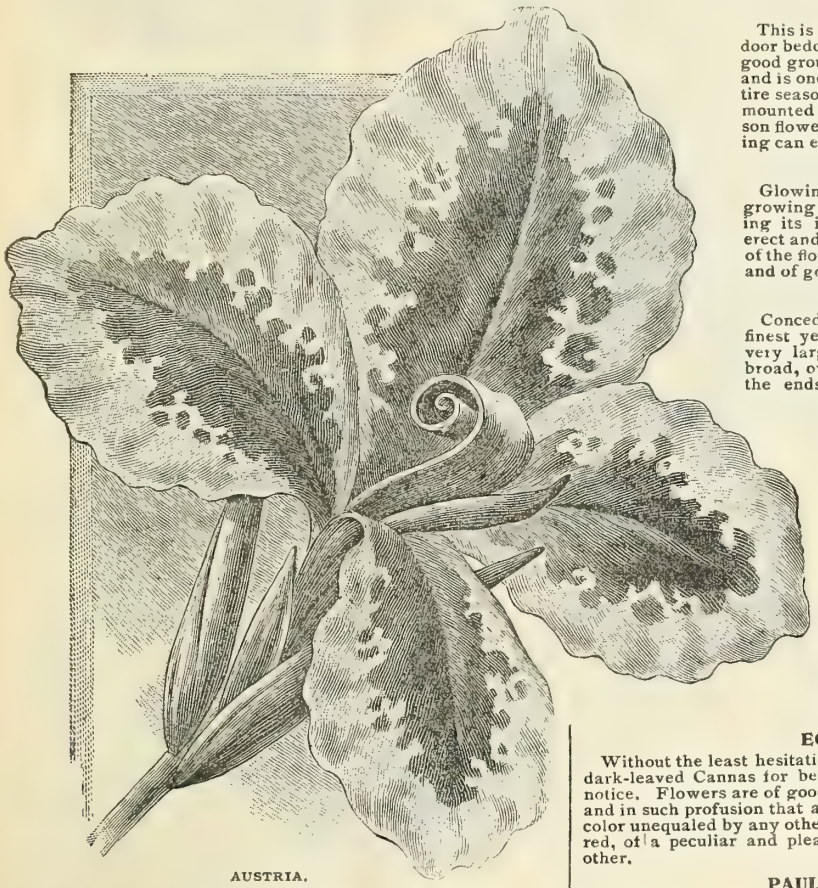
The set of four lovely Violets for only 30 cents.

DWARF EVERBLOOMING CANNAS

These are the best varieties in cultivation. Always in bloom. They are not like the old varieties of Cannas that seldom flower, but are always covered with their large, handsome trusses of bloom. BE SURE AND GIVE THEM A TRIAL.

PRICE OF PLANTS TO BLOOM THIS SPRING AND SUMMER, 15 CENTS EACH. THE SET OF EIGHT FOR $1.00. ANY FOUR FOR 50 CENTS.

CULTURE.—The soil can hardly be too rich and porous. Equal parts manure, loam and sand, with a little peat, form best mixture. Plants must be kept in a growing temperature of sixty degrees. Liberal supplies of manure water are of great benefit. Always when growing keep well watered.



AUSTRIA.

MADAME CROZY,

The color is a brilliant vermilion-scarlet bordered with deep golden-yellow. The flowers are borne in great clusters, and in such profusion that they crown the plant with a blaze of glowing color.

ALPHONSE BOUVIER.

This is the grandest of all Cannas for outdoor bedding. It is a very luxuriant grower in good ground. It begins to bloom very early and is one continuous mass of crimson the entire season. The tips of the shoots are surmounted by immense clusters of bright crimson flowers of the very largest size, and nothing can excel their brilliancy.

CHARLES HENDERSON.

Glowing crimson color, but of dwarf habit, growing about three feet in height and bearing its immense, compact heads of bloom erect and well above the foliage. The form of the flowers is very fine indeed, well opened and of good substance, standing the sun well.

FLORENCE VAUGHAN.

Conceded by all who have seen it to be the finest yellow spotted Canna. Flowers are very large, of the most perfect form, with broad, overlapping petals nicely rounded at the ends. Color brilliant yellow, spotted with bright red. A strong, robust grower, and flowers very freely.

FLAMINGO.

Flowers four inches in diameter, with almost flat face, forming a spike of glowing crimson color, once seen not soon to be forgotten. Very free, a plant often bearing three or four trusses at a time, and may almost be termed ever-blooming from beginning to the end of the season.

J. D. CABOS.

A strong grower, leaves lanceolate, green, strongly shaded with purple, flower stalks numerous, flowers large and round, color a rich apricot, with deeper shadings. Very striking.

EGANDALE.

Without the least hesitation we pronounce this the best of all dark-leaved Cannas for bedding that has yet come under our notice. Flowers are of good size, and borne in compact heads, and in such profusion that a bed of them is a perfect mass of color unequaled by any other sort. The color is a deep currant-red, of a peculiar and pleasing shade, and different from any other.

PAUL MARQUARD.

The individual flowers are large, and the flower spikes are very large, each flower standing out separately by itself. The flower is as fine as the finest Orchid. The color is a bright salmon, with a carmine tint.

NOVELTIES IN CANNAS.

PRICE, 20 CENTS EACH; THE SIX FOR 75 CENTS; ANY THREE FOR 40 CENTS.

AUSTRIA.

The new Orchid-flowered Canna. The flowers are truly gigantic in size, the three upper petals spreading fully seven inches, and the form is really semi-double. Toward the inner part the petals show fine crimson spots. All the rest of the flower is of a most beautiful, rich canary-yellow. The plant is a very strong grower, five to six feet high, with leaves with a texture like rubber.

PAPA CANNA.

Monsieur Crozy claims this variety as his finest variety to date, and it certainly is a grand addition to the already gorgeous array of reds. It is not quite three feet high. It bears immense spikes of flowers, the florets being of the grandest size and finest form. Color pure red. Very graceful in habit. Foliage light green. Produces a mass of bloom.

MAIDEN'S BLUSH.

The only absolutely pure pink Canna in existence. Elegant.

ALSACE.

The white Canna. Opens light yellow, and turns to a creamy white. It is indispenable where contrast is necessary.

QUEEN CHARLOTTE.

Flowers are very large. They are borne in immense heads, well above the foliage, and are most striking in color. A bright orange-scarlet, deeply edged with bright canary-yellow.

ITALIA.

The gigantic flowering Canna. This kind produces the largest flowers which have been obtained as yet in the way of Cannas. Above the perfect foliage emerge numerous elegant, gigantic and wonderful spikes of flowers. The outer petals are scarlet, with a very broad, golden-yellow border. The inside of the blooms is scarlet and dark red. Exceedingly beautiful.

STAR OF BETHLEHEM.

AZALEA INDICA.

AZALEA INDICA.

One of the most gorgeously-blooming families, together with the showiest of all greenhouse plants. The colors of the flower vary from the purest white to the deepest crimson in untold variations. The soil should always be packed hard when transplanted. Their success depends, however, on the degree of moisture in the atmosphere in which they live. We have a number of the best flowering sorts that will flower finely this coming Winter, both double and single flowered, in any color desired. The plants we offer are magnificent specimens, the finest you have ever seen, and all will bloom this year. **Price, 60 cents each; fine large plants, three years old, 75 cents each.**

N B—Be sure and try our Azaleas, they will not disappoint you. In ordering name the color you wish. We can furnish them in the following colors: White, pink, crimson, salmon, rosy-lilac, and white striped with crimson.

UPRIGHT OXALIS,

Or Star of Bethlehem.

Few new plants will give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is in full bloom every day in the year, when grown in a pot of good soil and with ordinary care. It grows as freely as a Geranium in any situation. It is a shrubby plant, like a Geranium or Fuchsia without buds, in which respect it differs from other Oxalis. It grows twelve to eighteen inches in height, branching freely and loaded at all times with clusters of bright, golden, star-shaped flowers, which do not close at night, like other Oxalis. **Price, 10 cts. each; three for 25 cents.**

PANDANUS UTILIS

SUMMER-FLOWERING OXALIS.

Will also bloom in Winter. Price, 5 cents each; the four for 15 cts.

Buttercup. Large flowered, yellow Oxalis. Charming.

Deippi Alba. Pure white, very pretty. One of the most desirable; blooms Winter or Summer.

Deippi Rosea. Same as above, but a lovely pink or rose color.

Lasandria. Deep crimson, very free bloomer.

NEW HELIOTROPES.

These plants are universal favorites on account of their delightful fragrance, flowering equally well as bedding plants in the Summer, or as pot plants in the house during Winter. They delight in an abundance of water. The newer Heliotropes are marvels in size and beauty of bloom. They are literally covered with flowers. We are really glad to offer such meritorious plants. They are much superior to the older variety.

Florence Nightingale.—The loveliest of all light blue Heliotropes. A good grower, free bloomer and the sweetest of all flowers. **Price, 10 cents each.**

Sapphire. For a neat, dwarf habit, profusion of bloom and richness of color this Heliotrope has no equal, and its vivid color of royal purple, with a distinct white center, gives us something entirely new in color, either for Summer decoration or Winter flowering. **Price, 10 cents each.**

Snow Wreath. This comes to us heralded as far superior to any existing white variety. The introducer describes it as low-growing and with strong, luxuriant foliage. The flower is very large and of snowy whiteness. **Price, 10 cents each.**

SPECIAL OFFER —The entire set of three New Heliotropes for 25 cents.

SANSEVERIA ZEALANICA.

A New Decorative Plant of Great Beauty and Value.

SANSEVERIA ZEALANICA.

A beautiful plant, splendidly adapted for the decoration of drawing rooms or halls, as it stands drouth and dust with impunity, and requires scarcely any water. The leaves grow to a length of three or four feet, and are beautifully striped crosswise, with broad, white variegations on a dark green ground. A rare and beautiful plant which should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. When you consider that it can be placed in any position in any room and do well, its great usefulness is at once apparent. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both Winter and Summer. Though grown mainly for beauty of its foliage, it is by no means an insignificant flowering plant. It blooms usually during May and June, sending up great plume-like spikes a foot or more in length. The flowers are numerous and composed of long, narrow petals, which recurve gracefully, and are of a creamy-white color. It is difficult to find a more unique or ornamental plant than than this, especially when it is in bloom. **Price, fine plants, 10 cents each; large, strong plants, 20 cents each.**

PANDANUS UTILIS.

(*Screw Pine.*)

This is a charming plant and is one of our most useful of ornamental plants. The foliage is green, edged with red; when the plant is fully developed, the leaves describe a perfect screw on the stem, hence the name, Screw Pine. This will go nicely with your Palms, and requires the same culture. **Price, fine plants, 35 cents each.**

PITTISPORUMS.

Pittisporum, Tobira. An elegant hard-wooded Shrub. Hardy in the South. Makes handsome specimens, growing into a small tree in a few years. It bears small, white flowers in large bracts, or heads, which are so delicious in fragrance as to remind one of orange blossoms. **Price, fine plants, 25 cents each.**

A Great Bargain.....

FOUR CHOICE PALMS, MY SELECTION, ONLY 50 CENTS.

Notice.—It may be well to state here that young Palms do not resemble the illustration given, as they do not show their character leaves until the second year, so that when you get your Palm plants and see long, narrow leaves instead of the character leaves, as shown in the illustration, do not think that the wrong kind has been sent you.

PALMS.

ARECA LUTESCENS.
Price, 25 cents each; fine large plants, $1.00 to $2.00 each.

WASHINGTONIA FILIFERA.
Price, 10 cents each; three for 25 cents; strong plants, 50 cents each.

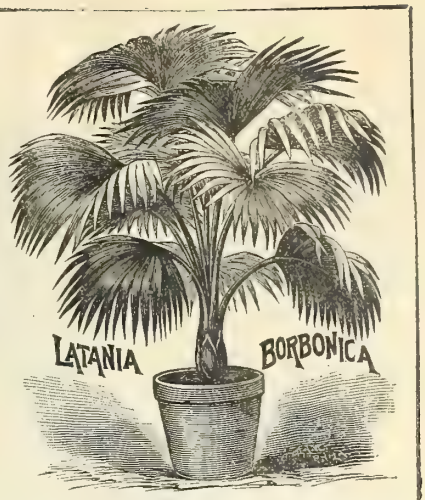
Price, 60 cents each.

SEAFORTHIA ELEGANS.
Price, 25 cents each; fine plants, $1.00 to $2.00 each.

KENTIA FOSTERIANA.
Price, 50 cents each; strong plants, $1.00 to $2.00 each.



LATANIA BORBONICA. The well known Fan Palm. This is one of the most exquisitely graceful among Palms. Its wide-spreading, gracefully arching leaves are elegant and effective for apartment decoration. It is considered the handsomest and most valuable of all the Palms. **Price, 25 cents each; fine large plants, $1.00 to $2.00 each.**

Flowering Begonias.

Price, 10 cents each; or the set of ten choice sorts for 75 cents, Any three for 25 cents; any six for 50 cents. : : : : : : : :

Easy to flower, exquisite in coloring, and sure to please all who try them.

PRESIDENT CARNOT. The leaves are smooth, long, pointed and prettily blotched. The body of the leaf is dark-green, studded with bright silver spots. Covered with handsome rosy-white flowers. A splendid house Begonia.

ALBA PERFECTA GRANDIFLORA. A Begonia that has never been appreciated as it should be, as it is really elegant, and I doubt if there is a white-flowered variety that equals it.

ARGENTEA GUTTATA. Purple-bronze leaves, oblong in shape, silvery markings, and in every way a most beautiful Begonia. White flowers in large bunches. It is splendid for house culture.

ALBA PICTA. This beautiful Begonia is shrubby in habit and compact in form, having long, slender, lance-shaped leaves on short stems, thickly studded with silvery-white, the spots graduating in size from the center towards the margin.

RUBRA. If you can only have one Begonia let it be a Rubra. It is so fast growing that it will in a year or two reach the top of your window, sending up heavy, stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendant panicles of coral-colored flowers as large as a hand.

BERTHA DE CHATEAUROCHER. This is the freest-flowering Begonia I have. It blooms the year round, makes a handsome window plant with its beautiful foliage and bright, currant-red flowers.

FUCHSOIDES COCCINEA. Elegant free-blooming variety. It resembles Hybrida Multiflora in growth. The flowers are a bright scarlet.

THURSTONII. The underside of leaves is a rich, purplish-red, the veinings very prominent, while the face, or upper side, is a bronzy-green, shaded with crimson and olive, with a peculiar, glossy, metallic luster over all. Flowers rosy-white, in large clusters, well above the foliage.

WASHINGTONII. Strong, robust grower, with large, deep green foliage, flowers in immense panicles of pure white, tinted with pink.

ZEBRINA. An erect-growing variety, with a beautiful profusion of pendant leaves Besides its graceful form, the leaf is distinguished by its glistening, silvery shading following the leaf, the body being a very dark, velvety-green, underside plum color, vein green.

Tuberous-rooted Begonias.

They are splendid bedders, delighting in a light soil of woods earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results. Do not allow them to become dry, and during hot weather they will take two waterings a day. When through flowering they can be dried off, shaken free of earth wrapped in cotton until February or March, when they may be started again.

SINGLE. White, Yellow, Crimson, Rose, Scarlet. **Price, 15 cents each; five for 50 cents; twelve for $1.00.**

DOUBLE. In the same colors. **Price, 20 cents each; three for 50 cents.**

FICUS ELASTICA. INDIA RUBBER TREE.

Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree shape. Each new leaf is enclosed in a long, coral-red envelope, looking like a great red flower bud. A very fine plant for the lawn or bay window. **Price, fine, strong plants, 50 cents each; large plants, $1.00 each.**

PANSY PLANTS.

These Pansy Plants are unrivaled. Besides all the leading kinds of commerce, it contains plants of the Giant, Bugnot, Cassier and Trimardeau, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as gold-bronze, silver-edged, marbled, mahogany, spotted, claret-red, and many others. My INTERNATIONAL PANSY PLANTS will produce for you, as they have for others, a Pansy bed which shall be the wonder of the neighborhood and the joy of the owner. **Price, 5 cents each; 50 cents per dozen. Per hundred, $2.50, postage paid.**

FANCY-LEAVED CALADIUMS.

THESE plants are especially valuable for decorating conservatories, window-boxes, and as specimen plants. They are magnificent planted in beds out-doors, nothing being more showy. The brilliant cardinal-red, cream, pink, white, and various shades of green that are displayed in the veinings and blotches of the leaves cannot be obtained in any other class of plants. For arranging floral baskets or table decorations they are quite as handsome as any flower. I have a fine collection of first-class, distinct, brilliantly-marked varieties. **Price, well-dried, extra large bulbs, my selection of sorts, 35 cents each; three for $1.00. These are the finest bulbs you ever saw of Fancy Caladiums.**

CALADIUM ESCULENTUM.

One of the most beautiful and striking ornamental-foliaged plants in cultivation, either for culture in large pots or tubs, or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves, often measuring four feet in length by two and one-half in breadth. Smooth, of bright green color, beautifully veined and variegated with dark green. The roots should be preserved in dry sand in the cellar during winter out of danger from frost. **Price, good bulbs, 15 cents each; large bulbs, 25 cents each; extra large bulbs, 50 cents each.**

AUSTRALIAN SILK TREE.

(GREVILLEA ROBUSTA.) A splendid ferny-leaved evergreen plant which should be grown by everybody, as it makes a magnificent pot plant for all sorts of decorative purposes. In conjunction with Palms or Ferns, or in any ordinary collection of house plants, it is at once striking and graceful. The dust, heat and gas of living rooms has no visible effect on it, and it will thrive where a Geranium will. **Price, 10 cents each; three for 25 cents.**

The "Admiral Dewey" Rose.

THIS IS WITHOUT QUESTION THE MOST WONDERFUL ROSE OF THE CENTURY,

IT has been deplored among Florists and Rose growers in years past that there was a scarcity of real good, all round red Roses. Any other color in Roses there was a number of choice varieties to select from; not so with red roses and the aim and attention of all hybridizers of roses has been to produce the ideal Red Rose, one that was a good grower, one that was hardy, one that was an ever-bloomer and that combined beauty of bud and flower with sweet fragrance. I am glad to announce to our patrons and friends that the **ADMIRAL DEWEY ROSE** combines all these good qualities and meets every requirement of a first-class Rose.

Hybrid Tea—The Admiral Dewey Rose belongs to the hybrid tea section of the Rose family. It is a cross between a hybrid remontant and a tea rose, and has had transmitted to it by this union, the vigorous growth and hardy constitution of the hybrid remontant, while it retains the free blooming qualities, the refined and chaste shape, and fragrance of the Tea Rose.

Hardiness—It is the hardiest of all the hybrid teas, even hardier than the old favorite La France, which has stood twenty degrees below zero weather in Ohio with impunity. Therefore, it can be planted out safely in any latitude where any rose of any class will thrive, with the assurance that it will not winter-kill.

A Good Rose to Bloom—It is in every sense an ever-blooming Rose, indeed its only fault, if fault it is, lies in the fact that in its great freedom of blooming it in a measure retards its growth, every branch and shoot is covered with a magnificent bud or flower. It blooms when only a few inches high and keeps this up continuously without intermission. Visitors have been startled on entering our green house where this rose was planted, exclaiming 'O! how beautiful!' 'What lovely Rose is this?" "Can this be a Rose?" There is no Rose I know of that is so free and persistent a bloomer as the **ADMIRAL DEWEY ROSE.** It is equally good in pots in the house during winter, or planted out of doors in the garden in summer. You are always assured of a perfect mass of the richest red colored Roses.

Size and Shape of Bud and Flower—The bud and open flower of the **ADMIRAL DEWEY ROSE** are certainly the acme of perfection; the bud is fully 2½ to 3 inches in length, of lovely pointed shape, opening into a huge, handsome flower, 5 to 6 inches in diameter. There is nothing among Roses that is more beautiful. It fairly entrances the beholder with its exquisite beauty.

Color, Velvet Crimson.—The Admiral Dewey Rose in color is a velvety crimson of the richest shade, with us it has not shown the slightest inclination to a purple or violet caste, but has always retained the same deep rich bright velvety crimson color, the color that is so much admired in Roses. It is very bright and at the same time very rich. No Rose extant will by comparison dim its lustre.

Fragrance, The Sweetest of all Roses.—Among its other good qualities, the **Admiral Dewey Rose** is the sweetest of all Roses, its fragrance is not only lasting but deep and penetrating. Its fragrance is certainly charming.

A Happy Thought.—Our friends who have seen the Rose growing compliment us on our having named this wonderful Rose, **ADMIRAL DEWEY,** they say it was a "happy thought" to name this Rose in honor of our greatest Naval Hero.

CAUTION.— I have made arrangements with the Good & Reese Company to aid in the dissemination of this Rose, this firm having bought the entire stock of it at a fabulous sum. I have none of this valuable rose to offer to the trade this year, as the stock is comparatively limited. You certainly want the genuine **Admiral Dewey Rose,** then send to headquarters for it.

PRICE.— I make the price remarkably low for so valuable a new Rose. It cost a large sum of money to control the entire stock of it. And when I name you the low price I do, everybody should have one or more plants of it. Order a dollar's worth at least, it will not dissappoint you.

Price:—Strong Plants on their own Roots from 2½ Inch Pots to Bloom Immediately

30 Cents Each, 2 for 50 Cents; 5 for $1.00. Large 2 year old Plants, $1.00. Each.

NOTICE:—All orders will be filled strictly in rotation. If you cannot plant the Rose when you see this, send your order and say when you desire the same shipped, and I will cheerfully comply with your request. You will have the most beautiful Rose in the entire world and something entirely different from what your friends or neighbors have.

ADDRESS.....

Miss ELLA V. BAINES,

THE WOMAN FLORIST, SPRINGFIELD, OHIO.

"HONOR TO WHOM HONOR IS DUE."

ADMIRAL DEWEY.

THE History of the United States Navy up to the Hispano-American war stood without a parallel among the nations of the earth. Who does not among us revere the names of Decatur, Paul Jones, Perry, Farragut, Porter, &c., &c., and now another name must be added to this list of Hero's—**DEWEY.** It is not detracting from the glory of any of the other commanders of our ships that were engaged in the war with Spain to say that he towers above them all like a giant. The name of DEWEY stands out alone, DEWEY is on everyone's lips. Of course it is said by many that he was placed in a position to earn distinction by means of not being in communication with the authorities at Washington. In other words, they could not interfere with his plans. Let that be as it may, he is pre-eminently the hero of the war, nothing can de'ract from his glory. Two reported sayings of his stamp the character of the man as to resoluteness and decision: his reply to the captain of the fleet before entering Manilla Bay when asked what would be done with the torpedos at the entrance of the harbor was: "To hell with the torpedos," and his reply said to have been cabled to a New York Magazine, when offered a Fifteen Thousand Dollars for a short article about the battle at Manilla, "I am too busy." The Congress of the United States has before it a bill to revive the rank of Admiral which will no doubt be passed at an early date, when GEO. H. DEWEY will be advanced to the rank of Admiral, the highest rank possible in our Navy. So when we had a new Rose to name that in our estimation as well as in the opinion of all who have seen the Rose, that it is the most magnificent red Rose in existence it seems fitting that we should endeavor to honor the Rose by naming it the

GOOD LUCK COLLECTION.

TWELVE BEAUTIFUL FLOWERS, A COMPLETE FAMILY FLOWER GARDEN, FOR THE VERY LOW PRICE OF FIFTY CENTS.

NEW ROSE, CLOTHILDE SOUPERT.

I OFFER this splendid collection with the feeling that it will become by all odds the most popular set of the year. It stands for the best, biggest and cheapest offer of the year. From the many orders received each year, where the selection is left to me, I believe this collection is needed, and will find a ready welcome from those who want a general assortment of the best flowers for the least money. I selected the varieties included in ***"The Good Luck Collection"*** with special reference to their ease of culture and their certainty to grow and bloom. They represent the best in Roses, hardiest in Shrubs and Vines, freest-blooming and miscellaneous plants. Any ten varieties are cheap at $1 00, and cannot be bought for that sum anywhere. Producing them in large quantities has reduced the cost to a minimum. Were I not almost sure that I will sell at least five thousand (5,000) ***"Good Luck Collections"*** I could not make this offer.

"Mrs. So-and-so has such good luck with her flowers," is an expression frequently heard. Success in flower-growing depends altogether on good stock. If you would be successful buy good plants. One of the reasons I call this ***"The Good Luck Collection"*** is because every one is certain to have the best of luck with it. The plants are strong and sturdy, of easy growth, sure to grow and bloom profusely. I consider it a piece of rare good luck, both for our friends and myself, that I have all the twelve splendid flowering plants and bulbs in such large supply as to allow me to offer the collection of **twelve lovely flowers, actually worth $1.50, for 50 cents.**

This surpasses all other offers in liberality, quality and cheapness. Note the varieties: all the best, and many of them exceedingly rare and valuable. Remember, I have no place in my establishment for inferior stock. No puny or second grade plants. Everything first-class. Plant this collection and you will understand why my customers have good luck with their flowers.

For 50 cents I will send, postpaid by mail, to any post-office in the United States or Mexico, and guarantee arrival in fresh and growing condition, the twelve flowers described below:

UMBRELLA PLANT.

This is a plant of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is, therefore, indispensable for aquariums or fountains. Try it. It is a handsome, easy-growing plant.

CROTON.

CLERODENDRON.

AUSTRALIAN SILK TREE.

HYDRANGEA MONSTROSA.

EVER-BLOOMING ROSE, CLOTHILDE SOUPERT.

Known the world over as a grand variety. None better. Blooms all the time, and is hardy, large flowers. Color white, sometimes tinged in center with pink. One plant will produce hundreds of flowers.

HONEYSUCKLE, HALL'S JAPAN.

Blooms all the season, deliciously fragrant, flowers yellow and white. Fine for all climbing purposes. Hardy

NEW HYDRANCEA, MONSTROSA.

New and rare. Very decorative for pot or tub culture. Stately and robust. Produces immense panicles of rich pink flowers changing to white.

CARNATION, ABUNDANCE.

The brightest pink Carnation in existence. A delicious clove fragrance.

ROSE OF SHARON, SNOWDRIFT.

This lovely new Rose of Sharon is a beauty. Its immense pure white flowers resemble huge butterflies. It is the only pure white variety, as it has no purple center. Entirely hardy everywhere. Be sure and try it.

NEW CHRYSANTHEMUM, COLDEN WEDDING.

The best of all golden-yellow Chrysanthemums. Flowers ten inches across. None finer.

AUSTRALIAN SILK TREE. (Grevillea Robusta.)

A magnificent decorative plant, quicker growing than a Palm and equally effective. Finely-cut foliage, rivaling a rare Fern.

CLERODENDRON BALFOURII.

A highly meritorious novelty. Bears immense sprays of lovely red bloom, incased in a white calyx. Delicious fragrance. A truly beautiful plant.

CROTONS.

Crotons are the most lovely of all decorative plants. The leaves are spotted, mottled and striped with yellow, crimson and pink. Make lovely bedders, or handsome as a pot plant.

JASMINE, MAID OF ORLEANS.

The merits of this grand old favorite have not been dimmed by the march of time. Flowers large, pure white, double and deliciously fragrant. Elegant for pots. In the South can be bedded out.

SANSEVERIA.

A new decorative plant of great beauty and value. Can be grown anywhere. Will stand all kinds of harsh treatment and neglect, and still thrive and look well. Immense spikes of white flowers. This is a beauty.

SANSEVERIA ZEA

HONEYSUCKLE, HALL'S JAPAN.

The following wonderful New Geraniums were exhibited at the Convention of the Society of American Florists, and attracted more attention, and were more admired than any other novelties on exhibition there.

THE Premier Set OF DOUBLE GERANIUMS.

Price, 10 cents each.

J. J. HARRISON. Of all the new Geraniums introduced the last five years, this is the premier variety. The enormous truss, the size and beauty of the individual flower, its glowing color, the sturdy habit and magnificent growth, make it rank first of all in bedding Geraniums. M. Bruant, the grower, has given us a great many good varieties, and this variety far excels them all. Its brilliant scarlet flowers make it a noticeable feature in any collection.

COLOSSUS. Floret quite circular, semi-double two and a half inches in diameter, truss also fine. The color is very beautiful, a rich shade of rosy-crimson. Very free in bloom. One of the very largest and finest among the double reds.

GERANIUM, COLOSSUS.

ALPHONSE RICARD. A strong grower, dwarf and branching, and producing flowers in great masses. Both floret and truss are of enormous size, single or slightly doubled, and color a brilliant shade of orange-red. M. Bruant recommends this in the highest terms as a bedder.

CONTRASTE. Each year Geraniums grow more beautiful. Among the most beautiful of new double Geraniums is Contraste. The flowers and trusses are very large. Lower petals orange and carmine, upper petals clear orange, making a striking contrast of colors that is beautiful.

SIR WALTER SCOTT. Color a beautiful vinous-rose, with distinct white center. This variety produces fine individual florets, which, combined with its other good qualities, makes it a valuable Geranium. This variety supersedes Sergeant Bobillett, being a much finer Geranium.

CENTAUR. A distinct new Geranium of the large-flowered Bruant race, producing very large, semi-double flowers of the most beautiful and unique form. Its colorings are simply without an equal, a soft, tender rose, with violet shadings. Entirely distinct from any other variety in coloring.

WHITE SWAN. In White Swan I have one of the finest double white Geraniums ever introduced, and unlike other double white Geraniums, it is suitable for bedding, and flowers as profusely as the best single varieties. They are borne in large trusses and are spotless snowy-white, retaining their pure whiteness even in the heat of Summer.

ROSE BUD. As double as a Tuberose, and the only Geranium in the world that makes beautiful buds. It is truly a wonder in the Geranium family. A Geranium of excellent merit and substance.

SPECIAL OFFER.—The Premier Set of Double Geraniums for only 50 Cents.

THE Premier Set OF SINGLE GERANIUMS.

Price, 10 cents each.

MADONNA. A magnificent bedding variety. Trusses are of extraordinary size, of almost Pansy form. The color is a soft, light pink, a beautiful and distinct shade. This variety has been universally admired by all who have seen it in flower. A variety that will probably never be equaled.

WHITE LADY. Absolutely perfect as a bedding variety, never burns, is of dwarf, compact habit, and in freedom of bloom is superior to all whites, and equal to the best scarlet bedders. It is away ahead of all others, and fills a long-felt want in a white bedder.

SOUVENIR DE MIRANDE. The greatest novelty in new Geraniums that has appeared for a number of years is undoubtedly Souvenir de Mirande. It is entirely distinct from any other variety grown, and is quite different from the usual marked varieties that have from time to time made their appearance. It has round florets, upper petals cream-white, with a distinct rosy-pink border, lower petals salmon-rose, streaked pure lilac. A most novel color. It is extremely free-flowering, and produces fine trusses of magnificent blooms. Mr. John Thorpe says it has made a leap of a decade in its advent.

GERANIUM, BLANCHE MOULAS.

BLANCHE MOULAS. The color is a very light salmon, edged about the petals with pure white. This is the finest of the lighter Bruants, and a great improvement on any other of this shade.

AURORA BOREALE. Extra large flowers of most beautiful orange-scarlet. Fine for massing, and one of the showiest and finest of the whole Bruant race, and makes a fine addition to any collection.

M. POIRIER. Another magnificent variety that received a first-class certificate at the Royal Horticultural Society. Trusses of enormous size, beautiful carmine-violet color, upper petals marked with rich violet. Exceedingly free-blooming variety.

COPERNIC. Florets perfectly round, a lively, beautiful shade of rosy-carmine, changing to a bright salmon at the base of the petals, with small, white eye. Very large truss of florets on long foot-stalks. A very noticeable color, and quite distinct. An excellent variety.

LANSDOWNE. A soft, deep scarlet, florets large and round and formed into large trusses, borne with the greatest of freedom. An ideal bedder, producing a mass of soft, brilliant color, well above the foliage, which is a light, bright green. This variety should be in every collection.

SPECIAL OFFER.—The Premier Set of Single Geraniums for only 50 Cents.

Splendid New Ivy Geraniums.

These Geraniums are fine for baskets and vases, and are especially fine for pot culture in the house. They have the handsomest flowers of all the Geraniums. One of our local florists who grows for the home market a house full of these new Ivy Geraniums says that he sells as many of them as all other Geraniums combined. This speaks volumes for their loveliness. Try them.

PRICE, 10 CENTS EACH; ANY THREE FOR 25 CENTS; THE SET OF SIX FOR 50 CENTS.

New Double Ivy Geranium, GALILEE.

Another grand sort. One of the most remarkable of recent introduction. The trusses are of immense size, flowers very large and double, and of a most charming shade of lovely rosy-pink, varied with lilac. A magnificent variety.

New Double Ivy Geranium, COMTESSE HORACE DE CHOISEUL.

A fit companion of "Joan of Arc." The plant is vigorous, leaves without zones, flowers very large, two inches across, double and imbricated, in good trusses. Color a bright golden-salmon. We have no hesitancy in saying that this is the richest colored flower of any grown. All who see it say, "Is it possible that this is a Geranium flower?"

New Double White Ivy Geranium, JOAN OF ARC.

"This is one of the most beautiful plants that it has ever been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy-green leaves making a most effective background for the great cluster of snow-white flowers." The foregoing was our description of last year, and another season's trial makes us heartily endorse it.

New Double Scarlet Ivy Geranium, PETER CROZY.

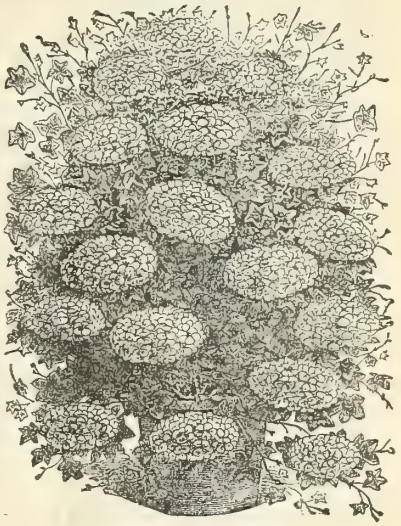
A grand hybrid between the Zonals and Ivies, having the foliage of the former, but very heavy in texture, and while the forms of truss and florets are found only among the Ivies, the color is a soft, bright scarlet, with veinings of maroon. A most distinct and pleasing variety, being the nearest approach to a scarlet yet introduced. Habit of plant very dwarf and compact, and one of the most prolific flowering sorts in existence.

New Double Ivy Geranium, SOUVENIR CHARLES TURNER.

One of the handsomest Ivy Geraniums ever introduced. Florets two and a half inches, in trusses six inches across. The color is a deep, bright pink, approaching scarlet in color, the upper petals feathered maroon. Quite double. Awarded numerous certificates.

INCOMPARABLE.

A most beautiful variety, producing flowers of the largest size, very regular in form, quite double. Color a lovely shade of rosy-carmine. No finer.



IVY GERANIUM GALILEE.

SILVER-LEAVED GERANIUMS.

Price, 10 cents each. The set of four for 30 cents.

Madame Salleroi. It makes a round, pretty plant, about one foot high and wide, foliage bright green, edged with pure white.

Snow Storm. Dark green foliage, distinctly margined with white. A robust grower.

Mountain of Snow. Strong grower, center of leaf bright green, broad, silver-white margin, flowers scarlet. Good for bedding.

Happy Thought. Light cream, almost white center, with a dark green band about the light zone, edge of leaf a bright green.

PANSY GERANIUM.

PANSY, or Lady Washington Geraniums.

We here offer four of the choicest new kinds of these, the most beautiful of all Geraniums. Price, 25 cents each; or the four varieties for 75 cents. You cannot buy these charming varieties as cheaply elsewhere.

Mrs. Robert Sandiford. (*The New Double White.*) The flowers are three inches across, of the purest snow-white, and perfectly double, and very free in bloom. You cannot imagine anything prettier.

Madame Thibaut. (*The New Double Pink.*) The flowers are three inches in diameter, perfectly double, of the brightest, pure pink, beautifully ruffled edges. Very free in bloom.

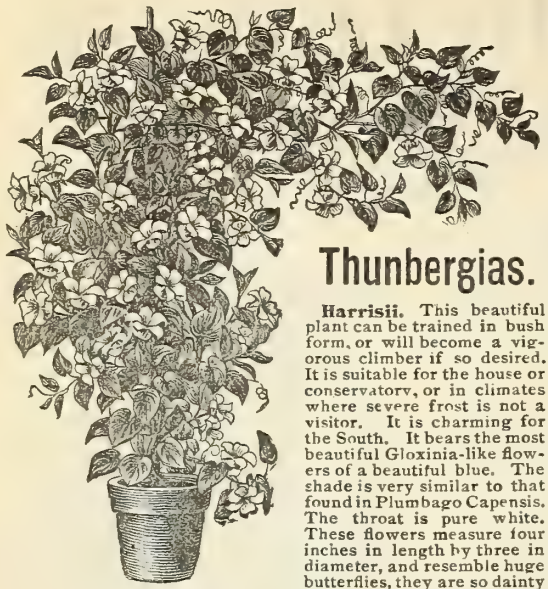
Victor. The flowers are a bright cherry-red, with white at the base of each petal, the two upper petals are dark crimson-maroon. The flowers are of immense size and very freely produced.

New Ever-blooming Pelargonium, Freddie Dorner. It is a perpetual-blooming variety, usually commencing to bloom in December or January, and continuing throughout the Spring and Summer. The throat and edges of the petals are pure white, each shaded towards the center with rich carmine-pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock of plants to offer.

SWEET-SCENTED GERANIUMS.

Price, 10 cents each; three for 25 cents.

Balm-Scented. Delicious balm fragrance.
Nutmeg-Scented. Small leaves with nutmeg perfume.
Rose-Scented. Two kinds, broad leaf and cut leaf.
Oak-Leaved. Resembling oak leaves, black center, green bordered.
Shrubland Pet. Beautiful foliage, rosy flowers.



THUNBERGIA, HARRISII.

Thunbergias.

Harrisii. This beautiful plant can be trained in bush form, or will become a vigorous climber if so desired. It is suitable for the house or conservatory, or in climates where severe frost is not a visitor. It is charming for the South. It bears the most beautiful Gloxinia-like flowers of a beautiful blue. The shade is very similar to that found in Plumbago Capensis. The throat is pure white. These flowers measure four inches in length by three in diameter, and resemble huge butterflies, they are so dainty and airy. Very free bloomer. I commend it as worthy of general culture. **Price, 10 cents each.**

Thunbergia, Fragrans. Same as preceding, but with fine white flowers. Very fragrant. **Price, 10 cents each.**

Beautiful and Rare Ferns.

PRICE, 15 CENTS EACH, EXCEPT WHERE NOTED.

Adiantum Formosum. (MAIDEN'S HAIR FERN.) Sprays of delicate green, born on jet black stems. An elegant sort.

Pteris Argyrea. (SILVER FERN.) A very showy Fern, with variegated foliage, fronds large, light green, with a broad band of silver-white down the center of each. Very distinct. **Price, 25 cents each.**

Pteris Tremula, or Shaking Fern. One of the finest Ferns for house decoration, growing very rapidly, and throwing up large, handsome fronds. It makes magnificent specimens, easily grown and very popular.

Nephrolepsis Exaltatum. (SWORD FERN.) A really graceful Fern, multiplying very fast in throwing out vines, on which grow separate plants again.

Boston Sword Fern. A new Sword Fern that is much superior to the old variety. Has much longer leaves, and is more graceful in habit.

The Five Ferns for 65 Cents.

OLEA FRAGRANS, OR TEA OLIVE.

One of the most desirable flowering shrubs of Southern gardens, and also a favorite house plant in the North. Has deep green foliage similar to the Camellia. The white flowers, although small, are produced in great profusion, and emit the most pleasing fragrance. It has been well said that each individual bloom has more sweetness than the most fragrant Lily. The blooming period begins in the Fall and lasts for several months. It is of easy culture, and especially desirable as a window plant. **Price, nice plants, ten to fifteen inches high, 25c each.**

MAGNOLIAS.

Fuscata. (BANANA SHRUB.) This is the dwarf-growing, true Banana Shrub. It is always scarce and difficult to procure. I have succeeded in securing a fine large stock and offer it reasonably. In April and May is when it gladdens the heart with its profusion of small flowers, exhaling a most exquisite fragrance, similar to a ripe Banana. This is decidedly a great favorite, and, with Olea Fragrans, makes the two very finest and most elegant of all shrubs for the South. **Price, 35 cents each; large plants, 75 cents each.**

Grandiflora. This is the king of the Southern broad-leaved evergreen trees. Grows to an immense size, with magnificent wax-like, shining green leaves and enormous creamy white blossoms of the largest size. **Price, 35 cents each; two for 60 cents.**

ALOYSIA CITRIODORA.—Lemon Verbena.

Foliage delightfully fragrant. To simply brush against it is enough to scent a whole room with its delicious odor. Planted out of doors, it grows into a fine, large clump, and it can be taken up in the Fall and wintered over in the cellar. **Price, 8 cents each; two for 15 cents.**

MOON FLOWERS.

The Moon Flowers are becoming more popular each year. They are decidedly handsome.

The Hardy Day-Blooming Moon Flower, Ipomoea Pandurata. This is one of the most rampant-growing vines in cultivation, having a large, tuberous root that is perfectly hardy in Minnesota and Canada. The flowers, which are very large, are a pure satiny-white, with a pinkish-purple throat shading off deeper in the tube. The flowers are usually four inches in diameter—sometimes attain a diameter of five or even six inches They are produced in large clusters, and in the greatest profusion from June to October. A strong plant will give more than one thousand beautiful flowers daily, for months at a time, being well distributed over the plant from near the base to the top, forming usually one of the grandest floral displays ever seen in any country. Root penetrates the earth so deep it is not seriously affected by drouth or unfavorable weather conditions. **Price, 20 cents each; three for 50 cents.**

Ipomoea, Heavenly Blue. (BLUE MOON FLOWER.) This makes a splendid companion plant to the white Moon Flower. It is equally rapid in growth and as free blooming as the white variety, although blooming in the morning and dull days. The flowers are the most intense blue, with reddish-purple rays, and are six inches across. There is nothing of its color that exceeds in richness the flowers of Ipomœa Heavenly Blue. Culture is the same as for the "Moon Flower." **Price, 10 cents each.**

The True Ever-Blooming Moon Flower, Ipomoea Grandiflora. I have the true variety that blooms constantly. If planted out in rich ground, in a situation where it has full exposure to the sun, it will attain a height (if given wire or string to twine on) of forty feet by October 15, blooming abundantly the entire season. It is called "Moon Flower" from its rare peculiarity of blooming best at night, although it also expands its flowers on dull days. The flowers are pure white, from five to six inches in diameter, emitting a rich, jessamine-like odor at night. The "Moon Fower" is a tender plant, but it can easily be kept in the house over Winter. It roots easily from slips, so that no attempt should be made to lift large plants. **Price of the true "Moon Flower," 10 cents each; three for 25 cents. THE SET OF THREE DISTINCT MOON FLOWERS FOR 30 CENTS.**

MEYENA ERECTA.

This plant makes a lovely specimen in a pot. I have seen plants eighteen inches in height that were the admiration of all. It is very easy to grow, and you can hardly fail with it. It blooms continuously during the Spring, Summer and Fall, bearing in great profusion its lovely Gloxinia-shaped flowers of a rich, royal blue, shading to porcelain, with a deep golden-yellow throat. Magnificent. **I offer fine plants at 8 cents each.**

POT OF GLOXINIAS.

GLOXINIAS.

These are among the most beautiful of all our Summer-blooming plants. The rosette of velvety-green leaves is surmounted with a cluster of lovely trumpet-shaped flowers as large as Gladioli blooms. The coloring is exquisite. The ground-work of many is pure white, with throats of blue, scarlet, rose, crimson or velvety-purple, while others are beautifully flecked and striped with the brightest colors, and the tubes are of bright color, with white throat. The bulbs should be started in a warm place, greenhouse, hot-bed or sunny window. They will bloom until late in Summer, when they should be dried off, letting the leaves die. The pots can be kept over Winter in a cellar free from frost. They are very easily grown. Give them a trial. **Price, fine, large bulbs, 20 cents each; three for 50 cents.**

FUCHSIAS.

PRICE, 8 CENTS EACH: ANY FOUR FOR 25 CENTS; ANY NINE FOR 50 CENTS.

Double Fuchsia, Storm King. This grand plant is of the most beautiful weeping habit. The branches, drooping as they do, lend the plant a charming grace which is rarely found. The buds, for two weeks before they expand, are balls of glowing scarlet-crimson. The flowers continue to grow larger and larger after they expand. The sepals are of the same glowing scarlet-crimson as the buds, while the larger double corolla is of a delicate waxy whiteness, elegantly pencilled with a deep and bright crimson.

Rosain's Patrie. A splendid white variety, in the style of that fine variety, Colonel Dominie. A wonderfully free bloomer and quite early. Tube and sepals rosy-carmine, corolla of the purest white.

General Roberts. A remarkable, beautiful variety of drooping habit. The blooms are from four to five inches in length, borne in large clusters, single corolla, of a rich plum color, tube and sepals crimson.

Jupiter. New. One of the prettiest of all Fuchsias. Large, double flowers, of a clear magenta, with dark crimson veins. Don't fail to try it.

Phenomenal. The largest Fuchsia that we have ever seen. The tube and sepals are bright coral-red, beautifully formed. The corolla is nearly two and a half inches across.

Sapaly Freres. Color of sepals a bright coral-red, corolla violet and carmine-red. One of the most beautiful and distinct of the Fuchsias.

STORM KING.

Black Prince. This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. We have seen specimen plants six feet high and four feet across loaded with thousands of its bright buds and blossoms of a beautiful waxy-carmine or pink color.

Monsieur Thibaut. A splendid variety, with large, handsome foliage of a delightful green tint. The foliage alone would make it worthy of cultivation. The flowers are single, of unusual size, sepals dark red, corolla rose-vermilion, tinted violet.

White Giant. One of the largest and best white Fuchsias grown. Fine form, very double, color a pure white, and superior to most of the white Fuchsias. We find it to be an excellent Winter bloomer. It gives us pleasure to offer this grand Fuchsia.

Speciosa. Corolla scarlet, sepals blush. One of the very best blooming varieties for either Summer or Winter.

Monarch. This new Fuchsia is by far the largest of all the single flowering varieties. It is an exceptionally strong grower, bearing immense blooms of a very dark purple. It ranks among the singles the same as Phenomenal does among the doubles.

Elm City. Rich crimson sepals, corolla large, purple. The earliest and freest blooming double sort out.

PEPEROMIA MACULOSA

Peperomia Maculosa.

A LOVELY HOUSE PLANT.

The leaves are distinctly variegated with white and green and have the appearance of being powdered with frosted silver. **Price, 10 cents each.**

THE EVERGREEN

BOX TREE

Entirely hardy everywhere. For cemetery or lawn planting or for edging driveways nothing can be compared to this beautiful shrub—only growing about one foot high and as hardy as an oak. The demand has been on the increase for this plant. They are direct importations from Europe. **Price, 15 cents each; two for 25 cents or $10 per hundred, by express at purchaser's expense.**

ABUTILON, SOUVENIR DE BONNE.

DAHLIAS.

Price, 20 cents each; any six for 50 cents, or the entire set of thirteen for $2.00.

New Dahlia, Snowball. Pure snow-white Dahlia. A splendid bloomer and large flowers, resembling giant snowballs.

Amazement. Yellow, striped crimson.

Wacht am Rhein. Richest maroon.

Guiding Star. Pure white and of exquisite shape.

Flora. Deep purple, shaded lilac.

Fanny Purchase. A fine, pure yellow.

Fascination. A deep, rosy-lilac.

Dom Pedro. Scarlet, tipped white.

Deutscher Turnergrass. Crimson-scarlet, edged with white.

Deutscher Goldmeteor. A golden-yellow, with a broad, crimson margin.

Duchess de Cambridge. Blush, tipped and edged with dark purple, fine form.

Crimson King. Rich, glowing crimson.

Butterfly. Orange, tipped with scarlet.

ABUTILONS.

PRICE, 8 CENTS EACH; FOUR FOR 25 CENTS

Souvenir de Bonne. New. One of the most valuable novelties of recent years. Totally distinct. Strong grower. Leaves beautiful green, regularly banded with creamy-white, bloom very large and bright orange-red in color. A beautiful decorative plant, of fine tree shape.

Shower of Gold. A beautiful dwarf-growing variety, the whole plant being covered with a profusion of beautiful golden-yellow blossoms.

Robert George. A free and continuous bloomer. Flowers are broad, their large, over-lapping petals incurved, color orange, veined with crimson.

Thompsonii Plena. New. Perfectly double flowers that resemble in form a double Hollyhock. Color a rich, deep orange, shaded and streaked with crimson. Foliage variegated.

Scarlet Gem. A rich, bright scarlet.

Madame Chobert. A very dwarf grower. A clear pink shade.

Snow Storm. Pure white flowers and bloom freely. Dwarf.

Eclipse. This is an elegant foliage plant, and one of the prettiest we know.

THE MAGNIFICENT
"Princess" Rose Collection.

THE "PRINCESS" ROSE COLLECTION consists of twelve choice varieties of ever-blooming Roses, most of them new varieties. They are of every shade of color or tint known in this most lovely of all flowers. They are all on their own roots. I guarantee these Roses to be as good plants as any firm in this country sells for ten or twenty cents each.

SOUTHERN BELLE. (New.) Color rich cream, edged with light pink. Splendid bud. A first-class Rose in every respect.

GEORGE PEABODY. One of the very best rich velvety crimsons. Always in bloom. Try it.

SOUV. DE VICTOR HUGO. (New.) An improved Duchess de Brabant. Lovely rose color, with coppery yellow center. Each color blends nicely with the other. A grand Rose.

MAD. CAROLINE TESTOUT. (New.) This is known as the Giant La France. Large buds and flowers of the brightest pink. Nothing finer.

GOLDEN GATE. (New.) Creamy white in color, beautifully tinged with fine golden yellow. One of the very best new Roses.

MAD. WELCHE. Color a beautiful shade of soft amber yellow, deepening towards the center to orange or coppery yellow, tinged and clouded with pale ruddy crimson. Lovely.

SNOWFLAKE. The very best white Rose grown. It literally covers the plant it is so free in flowering. Can't be beat.

CHARLES LEGRADY. (New.) Color a rich chamois red, richly shaded with darkest crimson; magnificent buds and flowers.

MOSELLA. (New.) This is pre-eminently the Rose for everybody—grows well, blooms well, and is hardy; white, with yellow center, often comes pink center.

STAR OF GOLD. (New.) Richest golden yellow; the best of all yellow Roses.

BON SILENE. The old favorite, and the sweetest fragrance of all Roses; lovely shade of dark flesh and pink.

MAD. SCIPION COCHET. (New.) Primrose yellow, with rose shading. A grand bedding variety,

The entire Collection for 50 cents.

Large two-year-old plants, 30 cents each; four for $1.00; the entire twelve for $2 50.

The Beautiful **"DUCHESS" ROSE COLLECTION.** **The Roses in this collection are in every respect the equal of the "Princess" collection. Making choice of either collection you make no mistake.**

The entire collection for only 50c. Large two-year-old plants, 30c each; four for $1.00; the entire twelve for $2.50.

WHITE MAMAN COCHET. (New.) The largest white Rose grown. A free bloomer and strong grower. A No. 1.

MRS. PIERPONT MORGAN. (New.) Color a bright rosy blush. The brightest and best of all Roses of this color. Very rich.

CHAMPION OF THE WORLD. (New.) Entirely hardy; always in bloom, both Winter and Summer; clear pink; a solid color. Famous the world over. You cannot get a better Rose.

LA FRANCE. Everybody's favorite. Satiny rose shade, mingled with delicate pink. A Rose one cannot have too many of.

JUBILEE. (New.) Rich velvety crimson of the darkest shade; free bloomer and hardy. First-class in every respect.

YELLOW TEA. (New.) Richest golden yellow. Always in bloom. This Rose grows in favor every day as a fine yellow Rose. Deliciously fragrant.

MONTHLY CABBAGE. Everybody remembers the old Monthly Cabbage Rose of our mothers' gardens, that bloomed but once a year. Here we have it in a monthly bloomer.

MAD. CAMILLE. A garden Rose which has no superiors. Strong grower, hardy, and free in flower, buds and flowers of the largest size. Color delicate rosy flesh, changing to salmon rose.

QUEEN'S SCARLET. The best of all red Roses for the garden; bright scarlet in color.

LETTY COLES. A most beautiful Rose of the largest size; fairly rivaling any Rose grown. As pretty as its namesake.

PRINCESS BEATRICE. (New.) Said by many to be the most lovely Rose extant. Light yellow, with bright pink edges. The flowers almost say, "I am a princess, indeed."

GENERAL DE TARTAS. A great garden Rose, is very popular where known and justly so. Lovely deep rose, sometimes tinged with delicate buff. A first-class Rose.

SPECIAL BARGAIN. If you order both the "Princess" and "Duchess" Collections of 24 Roses for $1.00, and will add 10 cents for postage, I will add a plant of the great climbing Rose, Climbing White Pet, or Climbing Meteor, whichever Rose you may wish: one is pure white, the other velvety-crimson. (When you order say which climber you desire.) Two of the most wonderful Roses of recent years. This will give you 25 of the choicest Roses for $1.10. In ordering single collection, say "Princess" or "Duchess" collection of Roses.

THE GEM LIST

OF NEW AND CHOICE

Ever-Blooming Roses

FOR HOUSE CULTURE or OUT-DOOR PLANTING.

I have taken great pains to cull from this list Roses of no special value. Our customers can rely on the Roses in this list to be the best of the old and new varieties of ever-bloomers.

Price, 10 cents each; any seven, of your own selection, for 50 cents; any sixteen for $1.00. Large two-year-old Roses, from this list, 30 cents each, or four for $1.00.

Augustine Halem. (New.) Bright rosy-red, very sweet, large blooms. This is truly a rival of American Beauty.

American Beauty. This is a rose that charms everybody. Color a bright rosy-red; very sweet.

Bridesmaid. (New.) The loveliest of all pink Roses.

Beauté Inconstante. (New.) A Rose that changes its color from yellow to crimson. Sometimes has Roses of five or six distinct colors at one time. Perfectly wonderful.

Beauty of Stapleford. Bright pink and rich, rosy crimson.

Catherine Mermet. One of the most fashionable shades for cut flowers. Color a clear, rosy-pink, large.

Something entirely distinct in climbing Roses. **Price, 15 cents each.**

Waltham Queen. New. Hardy. Rich, red flowers of magnificent size. A vigorous climber. **Price, 20 cents each.**

PINK RAMBLER. New. Hardy. A lovely pink color. Price, 10 cents each.

Gloire de Dijon. My Southern friends are unbounded in their admiration of this fine Rose, which is seen there in its fullest perfection, being hardy in their section, where it is used as a pillar Rose. It is noted for the great size of its flowers, its delicate Tea scent, and its exquisite shade of color, being a blending of amber, carmine and cream. One of the finest Roses on my list. **Price, 20 cents each.**

Golden Chain, or Climbing Safrano. (Reve d' Or.) A beautiful pillar Rose, being a strong climber. Color orange-yellow, or deep saffron, good size, full and sweet. **Price, 10 cents each.**

Gold of Ophir. (Ophire.) Nasturtium-yellow, suffused with coppery-red. One of the most beautiful of the climbing Roses. **Price, 10 cents each.**

Fortune's Double Yellow. (Beauty of Glazenwood.) Hardy. Color bronzed yellow or copper and fawn. This is a splendid climbing variety. **Price, 10 cents each.**

White Marechal Neil. Identical with the yellow Neil, except color of flowers, which are pure white. **Price, 25 cents each; large two-year-old plants, $1.00 each.**

White Rambler. New. Hardy. Pure white. A beautiful climbing Rose. **Price, 10 cents each.**

Zelia Pradel. Vigorous climber. Has lovely pure white buds. Flowers are full and sweet. **Price, 10 cents each.**

Yellow Rambler. New. Hardy. A rich yellow. A very fine variety. **Price, 15 cents each.**

ROSES FOR CEMETERY PLANTING...

THERE ARE FEW HOMES

That have not a loved one resting in the cemetery, and but few that would not spend 40 cents to beautify the grave of that loved one. I offer this fine set of choice white Roses for that purpose.

CORNELIA COOK. Very large, pure white buds and flowers. Excellent. **Price, 10 cents each.**

THE BRIDE. An elegant white Rose, and very free flowering. **Price, 15 cents each.**

MARIE GUILLOT. This Rose is as perfect in bud and flower as a Camellia. Pure white in color. **Price, 10 cents each.**

MARIE VAN HOUTTE. A most elegant Rose. The color is white, shaded lemon-yellow. **Price, 10 cents each.**

SNOWFLAKE. New. It is always in bloom. An excellent sort. **Price, 15 cents each.**

THE QUEEN. New. This Rose is a beauty. Pure waxy-white. A most remarkable Rose. **Price, 15 cents each.**

I will furnish these six choice white Roses for 40 cents. Large two-year-old plants, 30 cents each, or the six for $1.50. In ordering, say "Cemetery" collection of Roses.

Polyantha, Or Fairy Roses.

Price, 10 cents each; large two-year-old plants, 25 cents each.

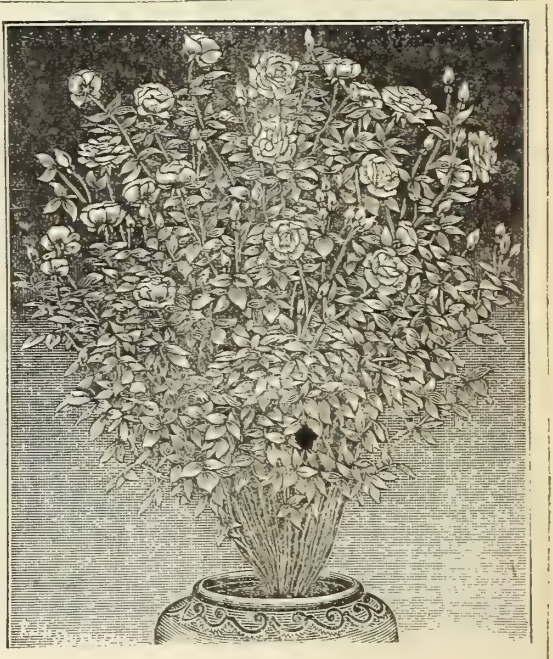
NOTICE.—I cordially recommend these exquisite Ever-blooming Fairy Roses. They are of a shrubby, compact growth, bloom profusely all through the season, and are very desirable for bedding, as well as for edging borders, etc. They are moderately hardy, but should have a covering of leaves or litter just before Winter begins.

PERLE D' OR. Charming and very distinct. Color a coppery-gold, changing to fawn and salmon, flat-rayed form, very double and elegantly perfumed.

PRINCESS MARIE ADELAIDE. Large, double, deep pink flowers, better than Pink Soupert. A gem in every way.

PETITE LEONIE. The most delicate in coloring of any Rose. Pure white, faintly touched with pink. A charming Rose.

PAQUERETTE. I consider this the best of all the Polyantha Roses. The flowers are pure white, about one inch in diameter, flowering in clusters of from five to fifty blooms. Very full, prettily formed, recalling the blossoms of the double-flowering cherry, and fully equals the double white Primrose in profuse blooming during the Winter. This is a variety that every one is pleased with.



ELIZA CHATRAND.

MINIATURE. This is the smallest of all Roses, but perfect in form, regular, compact, fairy-like flowers, fully double and very fragrant. Flowers in wreaths and clusters almost covering the whole plant. The color is a cream-rose, flushed with a peachy-red.

MADEMOISELLE CECILE BRUNER. Larger flowers than any of the others, perfectly double and delightfully fragrant. Color a rosy-pink, on a rich, creamy-white ground.

MRS. E. A. NOLTE. A lovely shade of chrome-yellow. A new color in Polyanthas. Very beautiful.

GOLDEN FAIRY. This is a lovely Rose. Very free-flowering, color rich golden-yellow. Entirely distinct.

JEANNIE DRIVON. Color light flesh, changing to white. Very perfect, double flowers.

GEORGE PERNET. It is continually in bloom, the flowers being quite large for this class. A beautiful, flat form. The color is a very bright rose, with touches of yellow, and passes to peach-blow, with silvery-white shadings. The prettiest of all the Polyanthas.

MIGNONETTE. A lovely Fairy Rose. Full, regular flowers, perfectly double, and deliciously perfumed. Color a clear pink, passing to white, tinged with pale rose.

ELIZA CHATRAND. One of the most lovely of all Roses, having lovely rose-colored flowers, elegantly penciled and touched with ruddy saffron. Very free bloomer.

GLOIRE DE POLYANTHA. A beautiful Fairy Rose. Flowers large, perfectly double, and deliciously sweet. Color a fine citron-rose, elegantly flushed a pale carmine.

SPECIAL OFFER.—The set of thirteen Fairy Roses, named, for $1.00, Any six for 50 cents.

KAISERIN AUGUSTA VICTORIA.

Winter-blooming Roses FOR HOUSE CULTURE.

THESE ARE THE BEST ROSES FOR BLOOMING INDOORS IN WINTER.

SCARLET HERMOSA. This Rose will produce more beautiful Roses in the Winter than any Rose I grow. A small bush will produce hundreds of blooms. Color crimson-scarlet. Very rich and beautiful. Extra fine.

CHAMPION OF THE WORLD. It is the champion bloomer. It commences to bloom as soon as started to grow, and continues to bloom in the greatest profusion, both Winter and Summer. A rich, deep rosy-pink or flesh color.

BRIDESMAID. The most elegant pink Rose. Very large. Buds extra fine.

KAISERIN AUGUSTA VICTORIA. A new pure white Rose. Very large and double. A royal Rose in every respect. A Rose I can recommend.

STAR OF GOLD. This is the best all round, deep golden-yellow Tea Rose that is grown. The buds are very large and shapely, while the flower is double to the center, and it is a deeper golden-yellow than Marechal Neil. Don't fail to try this variety.

MADAME DE VATREY. This is a great Winter-blooming Rose, with buds and flowers of the largest size. Color richest crimson. The best of its color.

Price 10 cents each; or the Collection of six choice "Winter-blooming" Roses only 40 cents. Large two-year-old plants, 30 cents each; the six for $1.50.

FIVE SUPERB Climbing Roses....

I here offer five of the most superb of all Climbing Roses, each one being distinct in itself, embracing Crimson, Pink, White, Yellow and intermediate shades. Nothing like this offer has ever been made. They are all ever-bloomers, and will be sure to please you. In ordering, say "Five Superb Climbing Roses." When you possess these five superb Climbing Roses you have the very best you can get anywhere. Try them.

The Grand New Velvety-Red Rose,

Climbing Meteor.

The brightest colored of all Roses. It has been called a Perpetual Blooming Climbing General Jacqueminot. : : : : : :

All who know "Gen. Jack" will call to mind its beautiful, high-colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer, and will make a growth of from ten to fifteen feet in a season. It is in bloom all the time, as it is a true ever-bloomer. I do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth, and is literally loaded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage. Don't fail to plant one or more of Climbing Meteor. **Price, 15 cents each; large two-year-old plants, 50 cents each.**

REINE OLGA DE WURTEMBURG.

This is a splendid Rose. Should be grown where the Marechal Neil succeeds. This variety as grown in the south of France is simply indescribable. The people of the South would do well to employ this beautiful sort for covering verandas and trellises. Color rosy-pink, suffused with yellow and fawn. **Price, 15 cents each. Large two-year-old plants, 50 cents each.**

Splendid Hardy Climber.

MARECHAL NEIL.

A beautiful deep sulphur-yellow, very full, very large and exceedingly fragrant. It is the finest yellow Rose in existence. It has a climbing habit, and where it is allowed to grow until it attains a large size, as it will in a few years, it yields thousands of beautiful golden-yellow flowers. It is especially desirable in the South. I sell annually fifty thousand of this Rose alone. I have a grand stock of this variety. **Price, first size, 10 cents each; fine plants, 25 cents each. extra strong plants, 50 cents each. It will pay you to buy a strong plant.**

NOTE.—The Marechal Neil has weak roots until it gets well established. This is the cause of so much failure with this most desirable Rose. I have grafted plants that will be sure to live. Price, one-year-old plants, $1.00; two-year-old plants, $1.50; three-year-old plants, $2.00. These are extra fine plants of this lovely Rose. By far the best you have ever seen offered, and will be sure to please and delight you. I have an excellent stock of over five thousand strong, grafted plants of Marechal Neil.

The Elegant Climbing Rose,

MARY WASHINGTON.

This is no doubt the most famous Rose of the century, made so by the history with which it is associated, the original Rose-bush being planted by no less a personage than George Washington. It is a lovely Rose, and usually comes in large clusters of the purest white, and very fragrant. It will live out anywhere, as it is perfectly hardy. A perpetual bloomer. One plant of Mary Washington will produce more flowers and buds than a dozen ordinary Roses. Its fragrance is tinged with that old-fashioned musky flavor so much admired in olden times. My offer here of fine, strong plants will be appreciated by thousands in all parts of the country who would like some reminder or souvenir of the historic spot of Mount Vernon. **Price, 15 cents each; large two-year-old plants, 50 cents each.**

Wonderful New Climbing Rose,

EMPRESS OF CHINA.

This is a new Climbing Rose of the greatest excellence. It was brought to this country by a gentleman from Cuba, who says of it that it commences to bloom in May, and is loaded with its elegant blooms until December. Think of it! There is no other Rose like it that will bloom for so long a time. This has been the great objection to Climbing Roses that they bloom once and then they are done. But here I have a Rose that blooms continuously for over seven months of the year. It is simply wonderful. When it first opens the flowers are a beautiful red, but soon turn to a lovely light pink, and it blooms so profusely as to almost hide the plant. It is perfectly hardy, and is a vigorous grower. Don't fail to try this beautiful Rose, as it will please you. **Price, 15 cents each; large two-year-old plants, 60 cents each, or two for $1.00.**

SPECIAL OFFER.—The five Climbing Roses sent for only 50 cents. The five Roses in large two-year-old plants, including a fine one-year grafted plant of the Marechal Neil, for only $2.50.

HYBRID PERPETUAL HARDY ROSES.

THESE ROSES ARE HARDY EVERYWHERE, WITHSTANDING THE COLDEST WINTERS.

Price, 10 cents each; or we will send fifteen kinds from this list, your selection, for $1.00; any seven kinds for 50 cents. Large two-year-old plants, 35 cents each.

Alfred Colomb. A bright carmine-crimson, very large, full and of fine globular form.

Anna de Diesbach. (*Glory of Paris.*) Brilliant crimson, shaded maroon; long, pointed buds, full and sweet.

Ball of Snow. (*Boule de Neige.*) A finely formed, pure white Rose, occasionally shows light flesh when first opening. Beautiful shell-shaped petals, evenly arranged, flowers of good size.

Countess of Roseberry. Color satin-pink in the center, deepening to bright crimson on the outer petals. Superb.

Captain Christy. The color is a lovely shade of pale peach, deepening to rosy-crimson. Extra fine.

Crown Prince. A noble Rose. Color a clear red, deepening at center to ruby-crimson.

Coquette des Alps. A lovely pure white Rose. Very full and free in flower. Delicious fragrance.

Coquette des Blanches. One of the finest white Hybrid Perpetuals. Flowers large, pure snow white, very double, full and fragrant. A constant bloomer. One of the best.

Dinsmore. Dazzling scarlet-crimson of the largest size. Very sweet and always in bloom. None better.

Emperor of Morocco. This is a grand Rose, matchless in color, being a dark, velvety-maroon.

Empress of India. This is one of the darkest of Roses. The color is an intense, rich, velvety-crimson.

Francois Levet. A very beautiful Rose. Soft, China-pink, delicately shaded carmine and blush, large, finely-formed flowers, delightfully fragrant.

Giant of Battles. This is still esteemed as the very best rich red Rose. Very large, double, full and sweet. Excellent.

General Jacqueminot. A rich, velvety-crimson. A most magnificent Rose. This is the best known of all the hardy Roses, and is without a rival in fragrance and richness of color.

General Washington. This magnificent Rose is one of the best for general planting. Color a brilliant crimson. Very rich and beautiful. Flowers large and perfectly double.

Gloire de Margottin. Clear, dazzling red, the most brilliant of all hardy Roses. Very fragrant. Superb.

Gloire de Lyonaise. A pale shade of chamois or salmon-yellow, sometimes passing to creamy-white, tinted orange and fawn. A grand Rose.

Gloire de Exposition Bruxelles. Flowers finely-formed, large and perfectly double. Color a bright crimson, of velvety texture. A rose of unusual merit.

Gustave Piganeau. Color a beautiful shade of bright red and brilliant carmine. This is a charming new Rose. Buds and flowers of the largest size.

Her Majesty. A rose of immense size. Deep, glowing pink in color. By many claimed to be the largest Rose in cultivation.

John Hopper. One of the most reliable and satisfactory Hybrid Perpetuals ever grown. Flowers are large, very regular and full. Color a brilliant rose, changing to a bright, glowing pink, shaded with rich scarlet. Very sweet, and a profuse bloomer.

Jules Margottin. A bright cherry-red, large and very double. A general favorite. One of the best Roses.

La Reine. A beautiful, clear, bright Rose; fine, full form, very fragrant. It is well named "The Queen."

Lady Emily Peel. Very sweet, color white, sometimes tinged and shaded with blush.

Lady Helen Stewart. A bright, scarlet crimson, flowers full and rounded, highly perfumed. Very beautiful.

Marie Baumann. A bright carmine. Flowers very large and of exquisite form. Free bloomer. In every way one of the finest Roses grown.

Madame Masson. The flowers are large, color a deep rose or bright red, highly perfumed and free bloomer.

Madame Joseph Desbois. Color a pure snow white, of the largest size. A most magnificent Rose.

Marchioness of Lorne. A rich fulgent rose color, shaded with vivid crimson. Charming.

Madame Gabriel Luizet. Clear color, rose or deep pink. One of the prettiest of all Roses.

Madame Gustave Bonnet. Pure white, sometimes slightly tinged with rose, very double, full, sweet scented, free bloomer.

Magna Charta. A bright, clear pink, flushed with crimson, very sweet, flowers extra large, with fine form and very double.

Margaret Dixon. A new Rose of great merit. Pure white, of immense size. Has been awarded ten first prizes.

Madame Alfred de Rougemont. A strong, vigorous grower, begins to bloom at once, and continues until stopped by severe freezing. Pure snow-white flowers, finely tinted and clouded with pale rosy-blush. Large, full and double, and borne in large clusters. Fragrant and good.

Madame Plantier. The ironclad white cemetery Rose. This is the old standby, and is unequaled where a hardy white Rose is needed. It bears thousands of beautiful snowy-white, fragrant Roses. It is as hardy as an oak.

Monsieur E. Y. Teas. A very beautiful and satisfactory Rose. Color a rich glowing crimson, very bright and striking. Large, round flowers of perfect form, very full and sweet. Highly recommended.

Mrs. John Laing. Clear, bright shell-pink, exquisitely shaded, very free bloomer. Everybody admires this fine Rose.

Marshal P. Wilder. A beautiful Rose of a bright cherry-red color. All praise it who have tried it.

Madame Charles Wood. A large Rose. Color deep red. Very free bloomer and very sweet. None better.

Oscar II, King of Sweden. "Oh, what a lovely black Rose," is the exclamation of all beholders. This is by far the richest Rose yet introduced.

President Lincoln. A bright red Rose of the richest hues, large, full and fragrant. Excellent.

Prince Albert. A rich, brilliant crimson, very bright and striking, large, double and finely cupped flowers. One of the best Roses in our collection. In color a rich, dark crimson. Very hardy.

Paul Neyron. The old-time favorite. Of immense size, often measuring five inches in diameter, lovely bright pink or deep rose. Very superb.

Queen of Queens. Rich pink, with blush edges, full and of perfect form. Very fragrant.

Queen of Autumn. It is a bright carmine at the edges of the petals, graduating into a light rose and soft primrose-yellow in the center.

Red Dragon. Fine, bold flowers, showy and striking. Color a very brilliant crimson.

Rosy Morn. A lovely name and a magnificent Rose. Extra large size, very double, full, and deliciously sweet. Color an exquisite salmon-rose, shaded with delicate peachy-red, sometimes pale blush suffused with soft, rosy-crimson. Extra fine plant.

Victor Verdier. A rich, cherry-rose, shaded with carmine. A very attractive color. Flowers large and beautifully formed. Very full. A beautiful Rose.

Vulcan. A dark, rich, velvety-crimson, changing to black. Large, fragrant flowers, very double and fine.

Vick's Caprice. A beautifully striped Rose, perfectly hardy. Color bright rose, distinctly striped deep carmine or crimson.

White Paeony. Flowers of the largest size. Pure white.

New Japanese Rambler Roses.

ROSE GROWERS everywhere will hail with delight the announcement that we have to offer them as companions to the famous Crimson Rambler three other distinct colors of Rambler Roses. They are all hardy, and the most charming of all Climbing Roses. There is no Rose of any class or kind that will compare with Crimson Rambler for beauty in any respect. It is a Gem,

The four Rambler Roses, all different colors, sent for only 35 cents;
: : : : : : Large two-year-old plants, the four for $1.60. : : : : : :

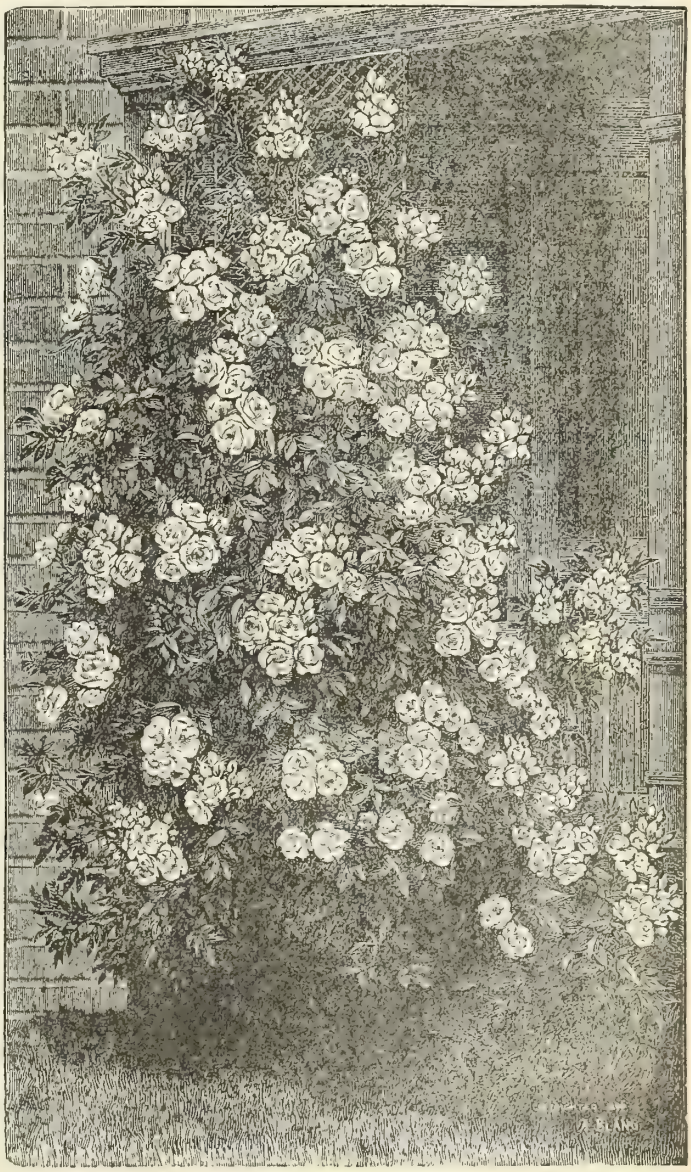
NEW YELLOW RAMBLER.

(**AGLAIA,**) Rosarians have been for many years crossing or hybridizing various Roses with a view to obtaining a hardy yellow climbing Rose, but the combination of climbing habit and yellow coloring with hardiness was one that it seemed impossible to obtain, and was almost despaired of. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far hardier than any other yellow climbing Rose yet introduced, and we believe that by laying the plants down in the Winter it can be successfully grown in nearly all the northern parts of the United States; in fact, anywhere that other Roses succeed at all well. Did we say nothing more about the Rose, we think that this would be sufficient to establish its value, for what lover of Roses in the North has not bewailed the severity of climate which nearly deprives his garden of the most attractive color of all—yellow. The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as those of Crimson Rambler. The color is a decided yellow. **Price, 15 cents each; large two-year-old plants, 50 cents each.**

CAUTION: There are other so-called Yellow Ramblers that do not possess any features that would entitle them to be coupled with the Rambler family, lacking hardiness, vigor of growth, and the habit of blooming in trusses like Crimson Rambler; therefore, do not accept any unless it is LAMBERT'S YELLOW RAMBLER. Do not miss getting this beautiful new Rose. IT IS ONE OF THE GREATEST NOVELTIES OF THE YEAR.

NEW CRIMSON RAMBLER.

The plant is of very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. The flowers are produced in great pyramidal panicles, or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one to one and a half inches in diameter. It is covered with flowers from the ground to its very top. It is hardy in every latitude yet tried as far north as the lakes. As a decorative pot plant it cannot be excelled. We can recommend this novelty in the strongest manner as being a new Rose of great importance and value. A correspondent of the *London Garden* writes in the issue of July 14, 1894: "With me at this date (July 6) this Rose is grand. I have a dozen large plants on prepared land or turf. I did not prune much, merely shortening back and placing stakes to support the long growths. I gave a liberal mulch early in the Spring, with the result that the growths are very strong, and the clusters of bright crimson flowers at this date are beautiful. On one shoot alone I counted over three hundred blooms." **Price, 10 cents each; large two-year-old plants, 50 cents each.**



YELLOW RAMBLER.

NEW PINK RAMBLER.

(**EUPHROSYNE.**) The Pink Rambler completes the entire range of cardinal colors that can be embraced in these beautiful climbing Roses. We now have the Crimson Rambler, the Yellow Rambler, the White Rambler, and the Pink Rambler. This Rose is as charming as any of its rivals, embracing all their good qualities of hardiness, vigorous growth, profuse blooming and delightful fragrance. Be sure and have a set of the Rambler Roses. **Price, 10 cents each; large two-year-old plants, 50 cents each.**

NEW WHITE RAMBLER.

(**THALIA.**) This charming new Rose of the Rambler variety is a wonder. It climbs rapidly, is entirely hardy, produces immense clusters of pure white Roses, perfectly double, of delightful fragrance, and of an immaculate white. It is without question the best climbing Rose extant. **Price, 10 cents each; large two-year-old plants, 50 cents each.**

New Japanese Trailing or Memorial Roses.

Price, 10 cents each; the five Memorial Roses, both double and single, for 40 cents.
Large two-year-old plants, 40 cents each.

These valuable Hybrids of the well-known Wichuriana Rose are first offered for sale this year and are novelties of sterling merit. Those who are familiar with the good qualities of the single white Rose Wichuriana will be glad to obtain these beautiful Hybrids of the Wichuriana Rose, which are of great value in ornamental gardening on account of its beautiful foliage. These new varieties will make this class of Roses still more valuable, as three of them are double—the flowers of one being white, another rose color, another shell pink—while the single variety is a bright pink—the whole forming the most remarkable group of Roses. The flowers are produced in the greatest profusion, and as the plants are extremely vigorous, a plant two or three years old will produce thousands of the most exquisite flowers, deliciously fragrant, and lasting a long time in perfection

While the growth is creeping and indispensable for covering the ground in ornamental gardening, the plants are also adapted for training on trunks of trees, pillars, posts, trellises, or any other purpose for which a climbing Rose is desirable. The double varieties, on account of the freedom with which they bloom, will be valuable for cut flowers, and will also prove of exceptional value for pot plants for Spring sale. It is thought that they will be as valuable for this purpose as the celebrated Crimson Rambler. We shall be very much disappointed if these new Hybrids do not obtain a commanding position among Roses.

Manda's Triumph. Produces large clusters of well-formed double flowers of pure white, two inches in diameter.

Universal Favorite. Double flowers of a beautiful rose color, over two inches in diameter.

South Orange Perfection. Produces multitudes of the most perfectly formed double flowers about one and a half inches in diameter, soft blush pink at the tips, changing into white and lasting a long time in perfection.

Pink Roamer. Single variety; flowers nearly two inches in diameter; bright, rich pink, with almost white center and orange-red stamens.

ROSA WICHURIANA,

THE SINGLE WHITE MEMORIAL, OR JAPAN TRAILING ROSE.

A trailing species of very rapid growth, creeping on the ground almost as closely as the Ivy. For covering the ground among shrubbery and rocks it has no equal, and is of great value in ornamental gardening on account of its beautiful foliage, which is bright green, shining as if varnished, and of an almost evergreen character—remaining green until nearly mid-Winter—making it attractive at all seasons of the year. It is especially beautiful when covered with its long, showy clusters of white blossoms, which are produced in the greatest profusion during the entire month of July, and more sparingly throughout the season. The flowers are single, pure white, fully two inches across, with yellow stamens, and have a delicate perfume. This must become one of the most popular plants for parks and private places. **Price, 10 cents each; large two-year-old plants, 40 cents each.**

Hardy Climbing Prairie Roses.

These are climbing Roses that are perfectly hardy everywhere, and are consequently of the greatest value. They can be readily trained to a height of from ten to thirty feet, as they grow with great vigor. They bloom the second year, and but once in a season, but are then loaded with splendid Roses, and are among the most beautiful of flowering plants. At least one of these hardy climbers should be found in every Rose garden north of Tennessee The flowers are produced in large clusters. When it is desired to cover walls, unsightly buildings, etc., with Roses, none will be found to do the work so efficiently as varieties of the Prairie Rose.

Price, 10 cents each; any three for 25 cents; large two-year-old plants, 25 cents each.

Baltimore Belle. Pale blush, variegated carmine rose and white, very double, flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the very best climbing Roses.

Bennett's Seedling. An Ayrshire or Scotch rose, and a vigorous runner; flowers are white, are very double and fragrant, and borne in great profusion.

Caroline Goodrich, or Running General Jacqueminot. This new Hardy Climbing Hybrid Tea Rose has finely formed, very double flowers, and its fragrance is most delicious. The color is the same as General Jacqueminot. It makes a growth of from twelve to fifteen feet in a season

Dundee Rambler. The old-fashioned Scotch Climbing Rose. Entirely hardy; bears elegant, rich, red Roses of the largest size in great profusion. This we think the best of the hardy climbers.

Greville, or Seven Sisters. Flowers in large clusters, and varies in color from white to crimson.

Milledgeville, or Pride of the South. A splendid variety Color a rich, satiny-pink, very fresh and beautiful. Fine, large globular flowers, full, regular form, very double and sweet. A profuse bloomer, and quite hardy

Pride of Washington. A brilliant amaranth, shaded rose center, large clusters and very double. A fine climber.

Queen of the Prairies. Flowers very large and of peculiar globular form. A bright, rosy-red, changing to lighter as the flower opens. Of very stong, rapid growth.

Russell's Cottage. Dark, velvety crimson, very double and full, a profuse bloomer and strong grower. A very desirable climbing Rose.

Tennessee Belle, Flowers a bright, beautiful pink. It is more slender and graceful in growth than either of the other varieties.

Splendid Perpetual Flowering Moss Roses.

Price of these Perpetual-Flowering Moss Roses, 25 cents each: large two-year-old plants, 50 cents each.

New Perpetual Moss Rose, Mousseline. Extra fine, large, very full and delightfully fragrant. Color a pure white, sometimes shaded a rosy-blush. Elegantly mossed and very beautiful. A continuous bloomer.

"Perpetual White" Moss Rose. One of the most mossy varieties, prettiest in bud. The flowers are of medium size and borne in clusters, fragrant, but not very double. Color a pure white.

Perpetual Moss Rose, Blanche Moreau. New, and highly recommended. Flowers are produced in clusters, and are large, full and sweet. The color is a pure white, and both flowers and buds have an abundance of deep green moss.

Perpetual Moss Rose, James Veitch. One of the finest Perpetual Moss Roses It has extra large flowers, very fragrant and full. The color is a bright carnation red, very fine. It is a splendid Rose.

The Lady Banks, or Banksia Roses.

These are fine climbing or trailing Roses. Good for the South and Pacific coast, where the Winters are not too severe. They require two or three years' growth to bloom to perfection, and are then very beautiful. As the flowers are produced on the old growth, they should be pruned but very little, merely cutting away what is absolutely necessary. The flowers resemble a double cherry blossom, and are the size of a silver dime. They are produced in large clusters, and have a decided violet perfume. Indeed, if blindfolded, you could not by the odor distinguish them from violets.

White Banksia, Alba Grandiflora. A pure untinted white variety. **Price, 15 cents each.**

Yellow Banksia, Fortunei. A rich, golden-yellow variety. **Price, 15 cents each.**

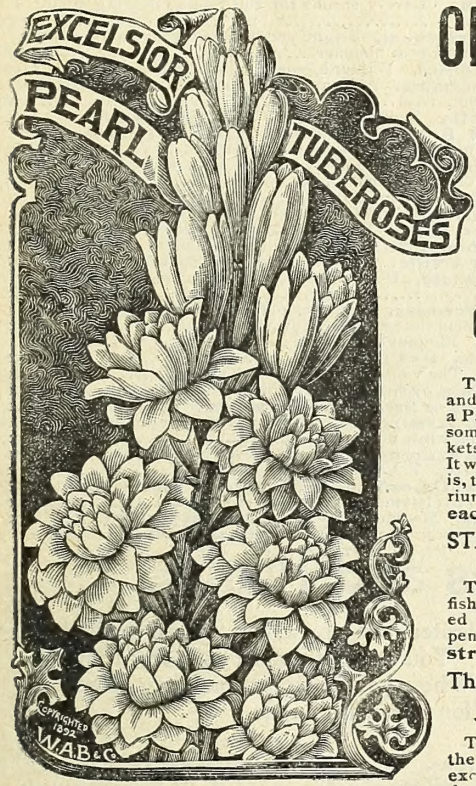
Our . . . Famous Excelsior Tuberose.

EVER-BLOOMING SWEET PEA.

The Finest in Existence. ✕ All Blooming Bulbs.

CULTURE. Tuberoses may be grown indoors preliminary to planting them in open ground. Plant outdoors as soon as the ground becomes warm and all danger of frost is past. Plant two or three inches deep, and six to eight inches apart in the row. They like rich soil and plenty of sun. If there is danger of frost before the flowers are done blooming in the Fall, lift carefully with earth on the roots, plant in pots or boxes in a warm, light place, and they will continue to bloom for several weeks.

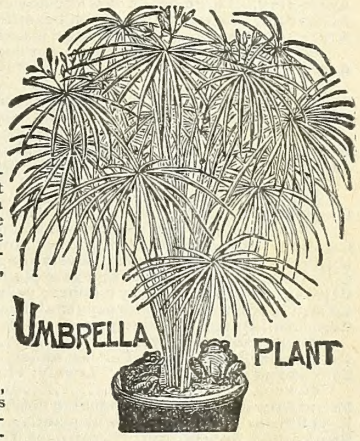
Dwarf Excelsior Pearl Tuberose. Year after year its popularity has increased until the demand for it has reached enormous proportions. Grows about eighteen inches high, blooms early and with the greatest freedom; matures perfectly. Flowers pure white, very double, of immense size and intensely sweet. This is the finest of all Tuberoses. **Price, fine, extra-large, well-ripened bulbs, all sure to bloom, 10 cents each; three for 25 cents; 75 cents per dozen.**



CENTROSEMA,

LOOK-AT-ME, or . . . . . Ever-Blooming Sweet Pea.

This is one of the greatest novelties. Will grow six to eight feet high or, by cutting back, will form a lovely bush. The flowers, which are produced in profusion, are deep blue and very fragrant. Blooms all Summer. **Price, 10 cents each; seed, 10 cents per packet.**



Cyperus Alternafolius.

(*Umbrella Plant.*)

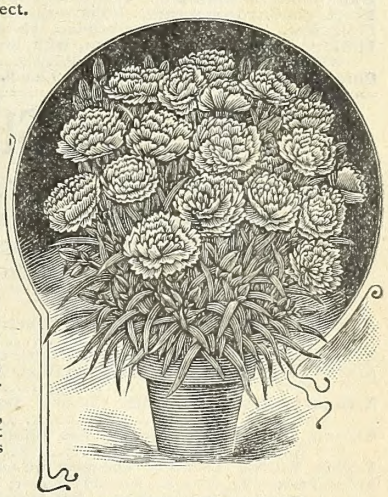
This is a plant of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is, therefore, indispensable for aquariums or fountains. **Price, 10 cts. each; three for 25 cents.**

STAPELIA SERPENTINA, or "Star Fish Cactus."

The flowers are the shape of a star fish, of a chrome-yellow color, covered with brown spots like a serpent's body, hence its name. **Price, strong plants, 6 cents each.**

The New Hardy Pink, ✕ ✕ HER MAJESTY.

The Carnation of late has become the most popular cut flower with the exception of the Rose, and the one drawback to its cultivation by the masses of flower lovers is the fact that it is not quite hardy. We have at last a perfect substitute for it in this grand new and hardy Pink, one of the finest novelties of the century. It is quite hardy, needs no protection, and blooms profusely in the months of May and June. The flowers are pure white in color, very double, borne on long, stiff stems, and possessing the exquisite clove-scented fragrance of the true Carnations, while it rivals them in size and substance. It is a wonderful bloomer, producing immense masses of flowers. You will be delighted with it. **Price, 10 cents each; three for 25 cents**



HARDY PINK, HER MAJESTY.

SIX SHOWY NAMED GLADIOLI.

Price, 5 cents each. For 25 cents I will send the Set of Six Named Gladioli.

For massing or grouping the Six Named Gladioli described below will be found very effective and showy, while they furnish fine spikes of bloom for cut flowers.

Brenchleyensis. The flowers are of a dazzling scarlet color, of good size, almost enveloping the entire spike which is very long.

Ceres. The ground color is pure white, while each flower has a conspicuous blotch of violet rose.

Madame Monneret. A splendid, vigorous grower, with great spikes of delicate rose colored flowers.

Romulus. Fine, large spikes of intensely scarlet flowers, each with a clear white throat.

Isaac Buchanan. Very large flowers of a beautiful canary yellow, borne on a splendid spike.

Charles Dickens. Large flowers, pure white, strikingly marked with carmine. Planted with the varieties described above, forms an attractive contrast.

Our New American Seedling Gladiolus.

This choice strain is the product of all the finest varieties now in cultivation, and we believe them to be *the most celebrated strain of Gladiolus in existence;* being grown in this country, they are perfectly acclimated and each bulb will bloom, after planting, from ten weeks to three months; the season of bloom can be prolonged by planting bulbs at different times, from early Spring until middle of July. **Price, finest, selected seedlings, strong bulbs, warranted to bloom, free by mail, 5 cents each; six for 20 cents; twelve for 35 cents; one hundered, $2.50. By express, $2.00 per hundred.**

QUEEN OF NIGHT CACTUS.

Decidedly the grandest flowering plant in cultivation. Imagine a dozen flowers unfolding with the setting sun their hundreds of wax-like petals, encircled by a wreath of gold, in continual motion. Imagine such a flower three feet in circumference, perfuming the surrounding air with the most delicious fragrance known! Does it not deserve its royal title? It grows and blooms with the greatest ease, requires absolutely no care living for months without water, increasing in value yearly. We have the genuine variety, the only one with fragrant flowers twelve to twenty inches across, and can furnish one-year-old plants. **Price, by mail, 8 cents each.**

Lobster Cactus. Fine Winter bloomer; beautiful pink flowers. Blooms when quite small. **Price, nice plants, 6 cents each.**

Cactus, "Triangularis." The monarch of large-flowered, night-blooming Cactus. Cream-colored flowers, a rapid grower and unrivaled in beauty. **Price, 10 cents each.**

THE THREE FINE CACTI FOR 25 CENTS.

Everybody's Bargain Offer!

A GRAND PLANT, SEED AND BULB COLLECTION, WORTH MORE THAN A DOLLAR, AND "HOW TO GROW FLOWERS" A YEAR, ALL FOR FIFTY CENTS.

THOUSANDS of my customers ask me repeatedly, "How can I best grow this or that flower?" To answer all questions of this character is a big task. I should like every person who buys of me to read regularly that most valuable magazine, "How to Grow Flowers." In its columns you will find all the information you need in order to succeed with flowers. If you read this magazine with care and follow its teachings, your plants will grow and bloom in a most satisfactory manner. You will then be satisfied with the flowers you buy of me, and this is something I am very anxious for.

"How to Grow Flowers" is by far the best floral journal published. In point of beauty and merit it has no rival. The new publishers have already made many remarkable improvements in the magazine, and they inform me that a number of others are contemplated. I desire you to take "How to Grow Flowers" this year, without fail, and in order to induce you to do so, I make the following

Most Remarkable and Liberal Offer.

Send me the small sum of fifty cents, and in return I will arrange with the publishers to send you "How to Grow Flowers" every month for a year, and in addition, I will forward you, by mail, postpaid, the following elegant collection of plants, seeds and bulbs:
